

Reinforcement

CORDURA®

Reinforcement

Wernerfelt Reinforcement fabrics provide hard wearing support for hard wearing clothing and accessories. Produced from high tenacity nylon or Cordura options, our fabrics are characterized by their durability and toughness.

- High durability
- Resistant to abrasion and tearing
- Excellent strength to weight ratio
- Lightweight, strong and durable, Wernerfelt Reinforcements are also available with the Bretex Waterproof/Breathable system

Quality	Weight g/m ²	Composition	Weave	Finish	Oeko-Tex
