
WHO WE ARE

We are an owner-managed and globally positioned family business with more than 115 years of experience in the production of textiles and spacer fabrics. We are the market leader in the field of technical 3D textiles - and the world's leading specialized manufacturer of spacer fabrics. With great innovative power and high development competence we are a competent partner for our international, well-known customers.

Over the course of time, we have developed into a strong and independent group of companies that is driven by values. These values form the core of the entrepreneurial thinking and actions of the MÜLLER TEXTIL GROUP and lead us safely into the future.

MAKING INNOVATIONS HAPPEN

WHAT 3MESH® IS

3mesh® is a spacer fabric at the highest level. Multiple product features and our innovative spirit contribute significantly to the fact that this three-dimensional spacer fabric can be used in almost all industries.

In the spirit of sustainability, 3mesh® can be produced from recycled yarns at the customer's request.

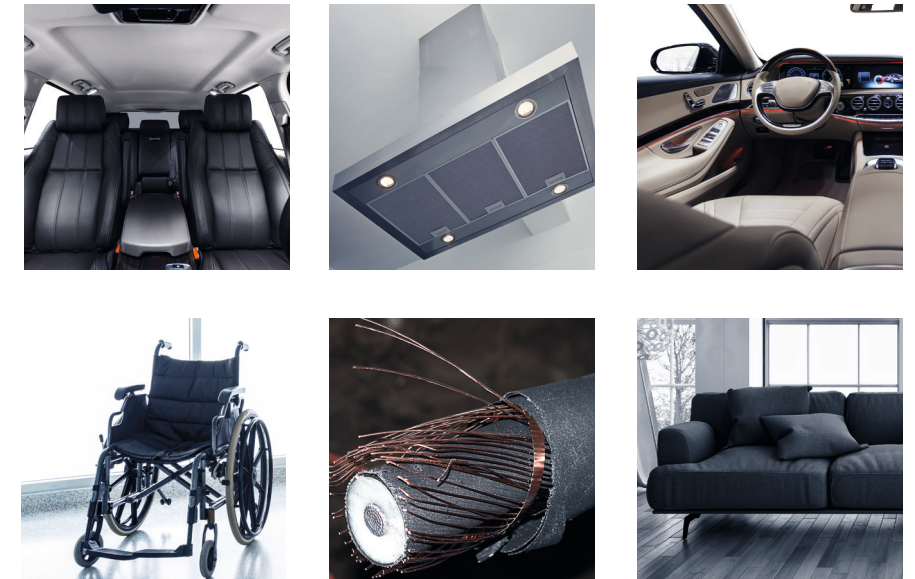

You can find out more about „Sustainability at MÜLLER TEXTIL“ on our website.

WHAT MAKES 3MESH® SPECIAL
