

What We Do

Since 1966, we have been providing options to many global businesses that provide solutions to consumers' daily lives with our value-added chemicals, polymers, fiber and filament products

How We Do It

SASA aims to differentiate itself from competitors by responding to the needs of its customers, providing quality customer service, offering shorter lead-times and better product quality in its products, while also determining environmentally friendly policies.

Environmentally-Friendly developments
SASA aims to distinguish itself from its competitors by providing a responsive and high-quality customer service, shorter lead-time and better product quality for its customers.

What We Believe

Developing processes and services that are safe for people and the environment is substantial for sustainability.
