

Hook & Loop Solutions for the Cleaning market

Ease of use

Improved design

Efficiency

Mop heads & scrubbers

APLIX produces specialized **hook products** which can be slid, clipped, glued and/or directly injected into plastic devices such as **mop heads of steam cleaners, steam mops, window cleaners and other cleaning tools**.

These solutions offer a **safe and intuitive attachment** with cleaning pads to the cleaning device.

Cleaning pads & wipes

APLIX offers a variety of **loop products** that can be sewn, ultrasonically welded or laminated to attach to **microfiber cloths, disposable wipes and cleaning pads**.

Our loop product line is compatible with a wide range of hook profiles and is specifically designed to maintain a high level of performance in applications demanding **chemical resistance and high temperature washing cycles**.
