Montex Glass Fibre Industries Pvt. Ltd.

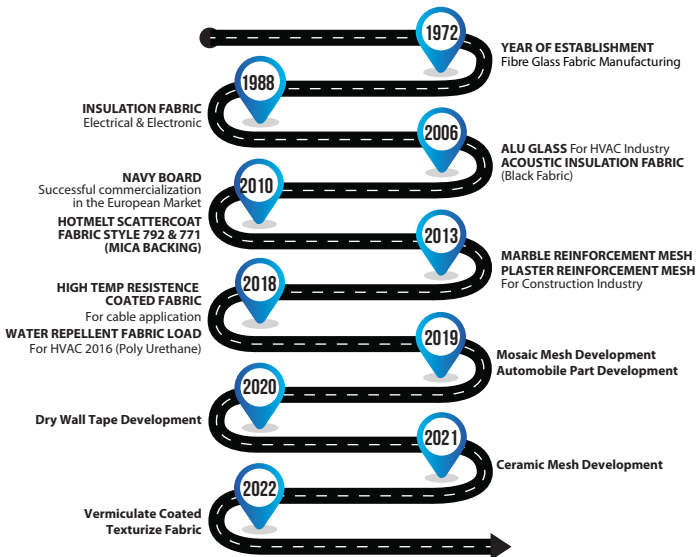

ABOUT US

Montex Glass Fibre Industries Pvt. Ltd. is one of the largest enterprises in the fibreglass industry and has been expanding into a conglomerate. Montex has managed to establish itself as one of the leading glass fibre manufacturers globally. Montex has spread its roots in Mumbai and Nashik and has been serving a wide range of customers from Asia to Europe, the USA, the Middle East, Africa & Australia. It has positioned itself as the best solution provider for the various insulation needs that cater to industries such as HVAC, Electronics, Automotive, Electrical, Mica Insulation, and Construction. By capitalizing on its strong R&D culture, it thrives on providing quality products facilitated by quick service to the customers at affordable prices. It continues to expand into untapped markets and adapt to continuous improvement processes.

VISION

To become the preferred manufacturing company for the Glass Fibre industry providing world class products to satisfied customers through continual improvement driven by integrity, team work & creativity of our people.
