Introduction of Kobond

Factory

Modernize production base located
in Pudong New Area

Machine

Hot-melt coating line KKA from Germany;
Knife coating line ISOTEX from Itlay.

PRODUCT

Construction Membrane

Item:

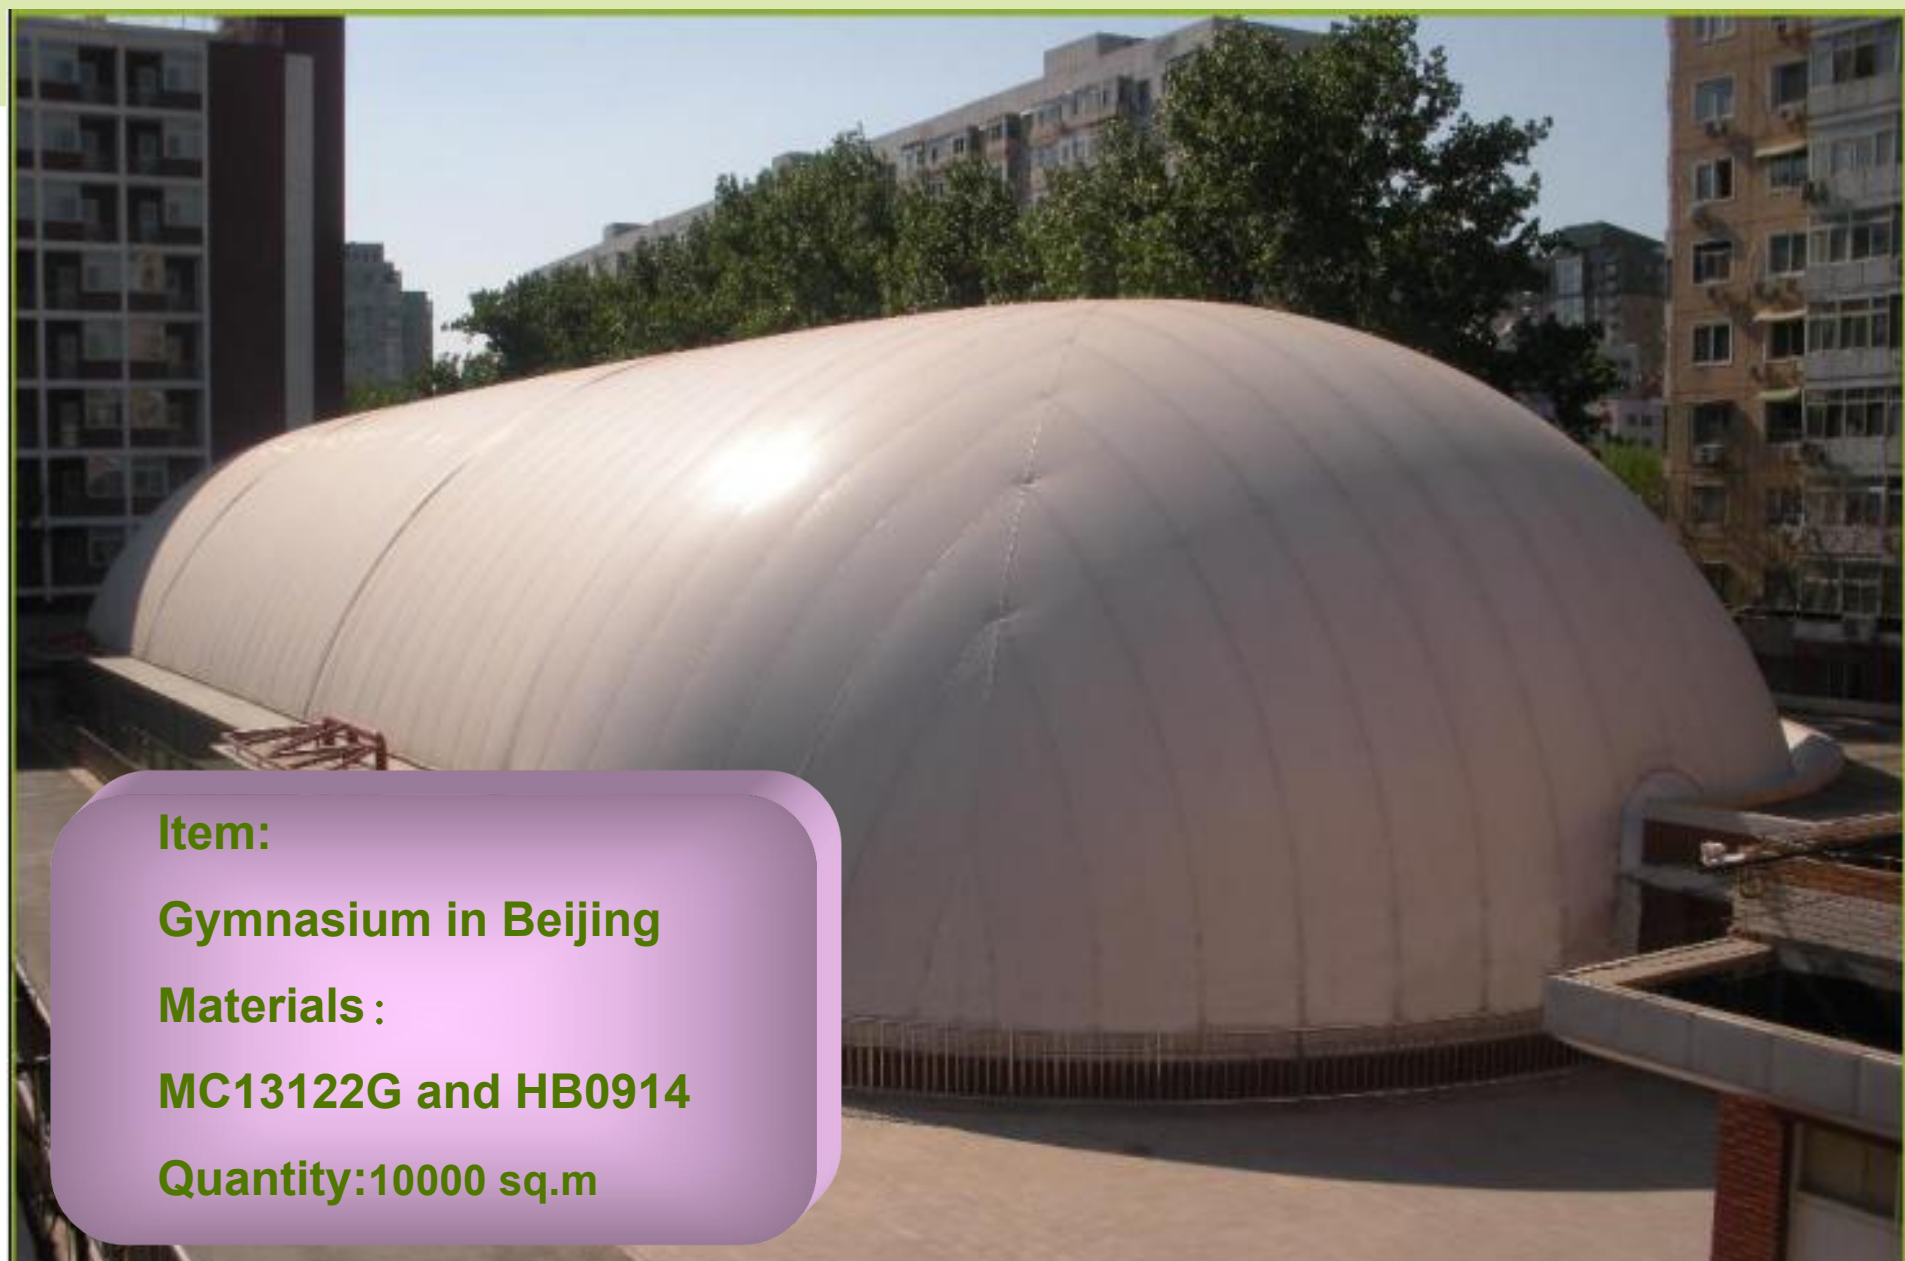

Nanhu sports centre

Materials: MH56021

Quantity: 20000 sq.m

Inflatable Membrane

Item:

Gymnasium in Beijing

Materials :

MC13122G and HB0914

Quantity:10000 sq.m

Inside of the doom

Biogas Membrane

Item: Biomass power plants in Turkey

→ ZC1214: 10000m³ for each holder

The largest independent type flexible gas holder in the world.

Environment Protection Membrane

Item: Sewage treatment
plant in Italy

Material: ZC1214

Quantity: 5000 sq.m

TENT

Item: Temporary work area in Athens Olympics 2004

Material: HI0914G、HB0914

Quantity: 80000sq. m

TPO Waterproof

Item:Nuclear power reset base
in Lingang Shanghai

Material: WK1213

Quantity: 15000sq. m

**Without plasticizer,QA
more than 25
years,environmental
production,recycle**

PVC Waterproof

Item: International passenger
liner in Tianjin

Material: WA0913

quantity: 30000sq. m

Water bag

Item: export to Australia

Material: SB1013

Food grade, non-toxic, high strength, good gas tightness

Oil boom

Special
formula, oil
resistivity

BP assigned
supplier of
the event at
Mexico gulf oil
spill, around
2.4 million
sq. m

Rolling Door

**Flexibility
and
folding**

**hangar
door**

Boat

Item:
guide boat in expo
Material: SC1213

Inflatable

Item:Relife tent in U.N .

Material:SB1013-1100

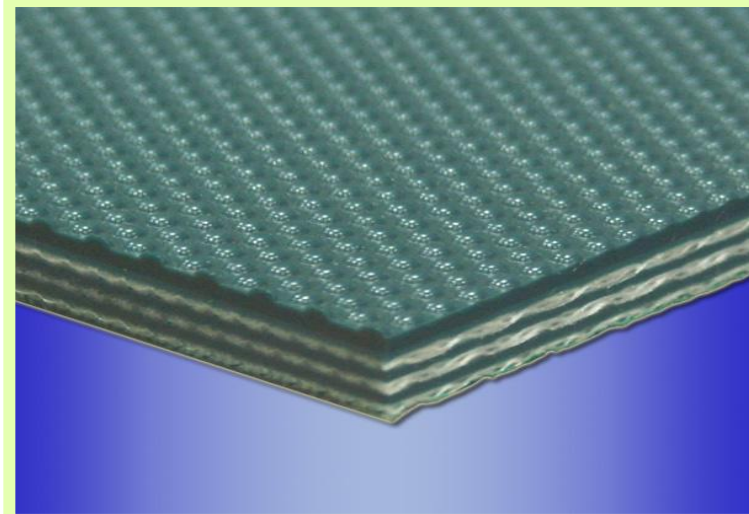

Quantity:50000M2

Tarpaulin

Conveyor Belt

Others

Swimming
pool

geotechnique

TPU oil tank

Thanks!

Appreciated for your support as
always!
