Multi-Funtion Safety Pool Cover

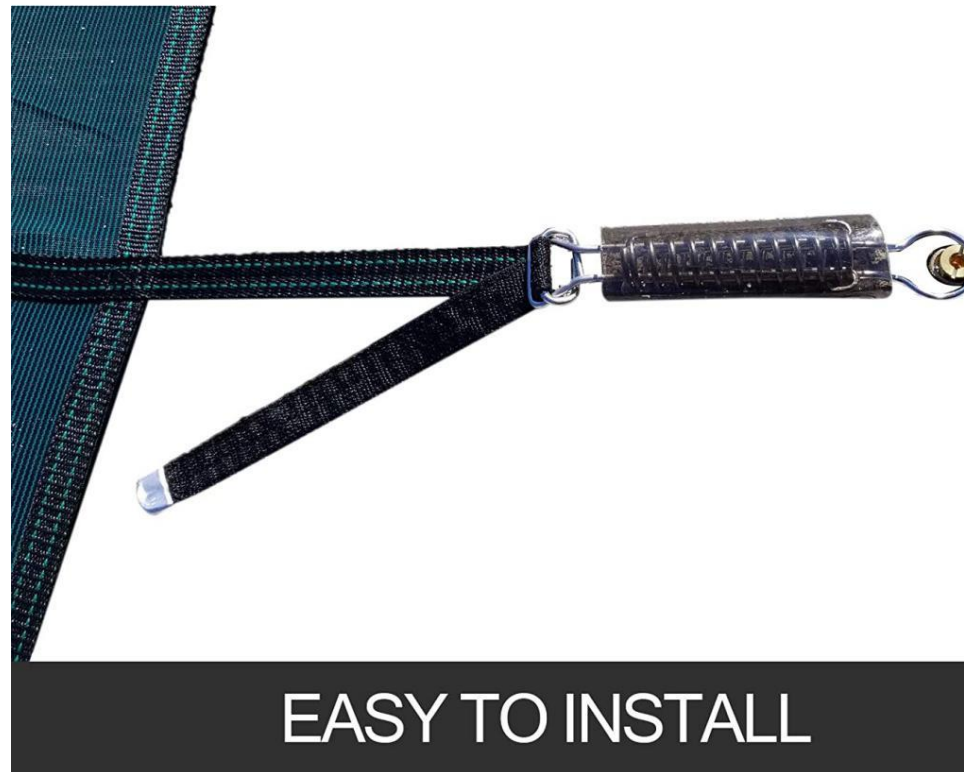

Advantages:

- 1) Excellent weight-bearing capacity. To prevent children and pets from falling into the pool, make sure your family is safe. Multi-seamed stitching ensures safety and prevents wear and tear.
- 2) High magnetic permeability. Mesh structure allows rain and snow to pass through
- 3) High tear strength. High burst strength, tear strength and wear resistance. Made of super-strong two-ply mesh with a break strength of over 4,000-lbs
- 4) Light weight and easy to install. Super strong, long-lasting safety cover yet light enough to put on or remove in 5 minutes or less
- 5) Protect water supply from heat loss
- 6) Prevent contamination of debris and leaves
