

PATRIOT

PATRIOT was specially designed to provide soldiers and policemen optimum protection against heat and flame risks, but also against mechanical risks.

This kind of fabric has been fully tried and tested on the field and already equips several European armies.

Use : army, law enforcement

- **PERMANENT ANTISTATIC AND FIRE RETARDANT PROPERTIES**
- **HIGH AIR PERMEABILITY** for more comfort (breathability, moisture management, sweat quickly wicked away)
- **LONG LASTING FABRIC:** very good resistance to abrasion and tear strength
- **GREAT LOOK AFTER WASH:** the fabric's look varies little throughout care processes
- **AVAILABLE IN ANY KIND OF COLOR OR CAMOUFLAGE**
- **AVAILABLE FINISHES :** insect repellent, antibacterial, water and oil repellent

Blend	59% FR Viscose 27% Meta Aramid 9% Polyamid 3% Para Aramid 2% Antistatic Fibers
Weight	230 g/m ²
Weave	Basket 2/2
Tensile strength ISO 13934-1	100 daN 65 daN
Tear Strength ISO 13937-1	10.0 daN 10.0 daN
Air permeability ISO 9237	around 200 l/m ² s
Abrasion ISO 12947-2	around 60 000 cycles
