

## Conductive Fabrics

### EMI Shielding/Conductive/FR Textile:

- 1- Pure Silver Chemical Coating Shielding / Conductive Fabric
- 2- Silver Fiber Weaving Or Knitting Shielding / Conductive Fabric
- 3- Metal Fine Wire Implanted shielding / Conductive fabric
- 4- Metal Fiber/FR Viscose/Aramid/ Conductive + FR Fabrics

Benifits: Washable / Flame Retardant Customized / Excellent Conductive Properties / Invisible Anti Static  
From 30Mhz -18Ghz Even More Higher Frequency In Optional.

### Main Fields:

RF shielding: uniform, clothing, curtain, tents, mosquito net, bags.

Electrical conductive

Anti static

Thermal conductive

Fire Retardant

Anti bacterial
