ABOUT PRODUCT SERVICE.

Superfine **ST-type Metallic Yarn**

ST-type metallic yarn is fine-denier viscose rayon, nylon filament yarn, or polyester filament yarn round-covered with M-type metallic yarn at fully closed regular intervals. Prevented from self-tangling thanks to the vacuum steam setting process.

ST-type metallic yarn is available as follows:

Core Denier	:	Fine counts like 10, 20, 30, 40, 50, 70, 75, 90 Denier
Thickness	:	12 μ, Metallic with 1/100" or 1/85" Cover
Color	:	Available in most diverse colors
Put up type	:	125 / 250 / 500gms cones & spools.

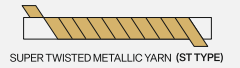

ST-type metallic yarn finds application in :

# Pre-dyed textiles weaving	# Embroidery
# Knitwear	# Stocking
# Sweaters	# Accessories
# Tricots	# Industrial subsidiary materials

Compliance & Standards

- # OEKO-TEX® Certified (on request) – Safe for skin contact.
- # GRS (Global Recycled Standard) options available for eco-conscious buyers.
- # Meets REACH & ISO textile standards for export buyers.
