ABOUT PRODUCT SERVICE.

MH-Type Metallic Yarn

MH-type metallic yarn is M-type metallic yarn supported with Viscose rayon, Cotton, Nylon and Polyester filament yarn 30D to 150D. MH-type metallic yarn feels soft and has sober lustrous effect. Furthermore, MH-type metallic yarn has been vacuum steam sett to prevent from self-tangling problems.

MH-type metallic yarn is available as follows :

Width	:	1/69", 1/85", 1/100", 1/168"
Thickness	:	Mainly 12 μ , 24 μ
Spool Weight	:	250 / 500 / 750 gm
Colour	:	Available in most diverse colours
Supported	:	Either PET or Viscose Rayon
Put up type	:	Paper cones

MH-type metallic yarn finds application in :

# Weaving	# Hand Knitting	# Socks
# Knitwear	# Embroidery	# Shoes Upper
# Wool Sweaters	# High fashion	# Laces
# Tricots	# Special Christmas item	# Scarves

Compliance & Standards

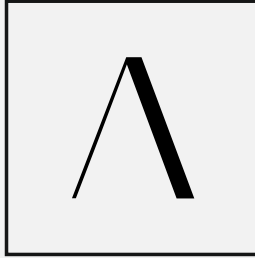

- # OEKO-TEX® Certified (on request) – Safe for skin contact.
- # GRS (Global Recycled Standard) options available for eco-conscious buyers.
- # Meets REACH & ISO textile standards for export buyers.
