FBA SERIES

Standard and Most Popular Vacuum Series

- POINT 01** Anti-Heating Cloth Cover processed for Anti-Static Electricity.
- POINT 02** Easy Foot Pedal Operation with New Pedal Lock System. (1st Step: Motor Run, 2nd Step: Motor Stop)
- POINT 03** Model Selectable for with/without Buck Model.

- POINT 04** Various Table size available.
- POINT 05** Wide Area Vacuuming.

FBA series

Popular Vacuum Series.

**FBA-N-9013/
FBA-Y-6512**

Standard Model
Equipped with
Vacuuming and
New Pedal-Lock-
System.

V P

FBAT series

Practical Vacuum System.

**FBAT-N-9013/
FBAT-Y-6512**

Equivalent Model
Equipped with
Height Adjustment.

V P H

JF series

Advanced multi ironing system which unified three function (Iron, Steam Generator, Table)

Super small, layout free with full automatic light steam generator.

The built-in steam generator with cartridge tank does not need piping .
It is easy to carry when it is needed

Speedy finishing by vacuuming with inverter-control

Speed of motor fan is adjustable freely from 1600RPM to 3000RPM for flat table and from 2000RPM to 4000RPM for buck to comply with subtle change of each material.

JF-56

**Built-in Steam
Generator
equipped Models**
