

oerlemans packaging group  
the **sustainable** innovator

## APPLICATIONS

- ◆ Horizontal filling machines
- ◆ Vertical filling machines
- ◆ For packaging:  
cheese, meat, potato products

# 100% RECYCLABLE PE (BARRIER) LAMINATES

**100% recyclable**

**Good sealing  
properties**

**Custom made**

100% recyclable PE (barrier) laminates to replace the current laminates of PET, OPA / OPP with PE. This film can be processed on your current machine. With our experience and technical specialists we can help you with the right settings. Applications: 'bag packaging' produced on horizontal or vertical filling machines, such as; sandwiches, cake, pizzas, grated cheese, peeled potatoes, meat products, peeled shrimps, herbs and spices, etc. Also available as ready-to-use stand up pouches.
