

CDS NATURAL CASINGS – THE DNA OF SUCCESS!

Setting standards in
sausage production:
Safe. Efficient.
Economical.

*Visit us at IFFA Frankfurt, 3–8 May 2025,
Hall 11.1 Booth C11*

Natural casings are the cornerstone of our success. We laid the foundations for our market leadership in quality and innovation 50 years ago. With the SilberPfeil® product family, an intelligent colour-coding system for tubes, pipes and nets, as well as a barcode for seamless traceability, we enable our customers to produce sausages as efficiently and safely as possible – without any loose parts at all. Try it out.
