PRECISION. SHARPNESS. YOUR SUCCESS.

Blades for the food industry.

EXACTLY WHAT YOU NEED FOR ALL CUTTING APPLICATIONS.

Cutting processes in the food industry place the highest demands on the efficiency and quality of blades - whether they are used for rib pulling, derinding, skinning, degreasing or cutting potato chips. Therefore, LUTZ BLADES manufactures a wide range of replacement blades and machine knives in this field and has been successfully cooperating with world market leaders for years.
