

# SOYLUTIONS FOR FISH ALTERNATIVE CONCEPTS

Who could resist a juicy plant-based tuna that feels like just out of the can in a sandwich or on a salad? At **soyAUSTRIA**, we help you create delicious, sustainable fish alternatives with high nutritional value that mimic the authentic texture and fibrous mouthfeel.

## FISH-FREE CANNED TUNA

## FISH-FREE FINGERS

## PLANT-BASED CRAB CAKE

What's the secret? **soyTEXTURE** is texturized soy protein, manufactured from Non-GMO soybeans, free from any chemicals and solvents! The way of processing helps determine the overall environmental impact of a plant protein. That's why we have committed to the principle of minimal processing; refrain from using any chemicals and solvents.

### **soyTEXTURE** *product characteristics:*

- ✓ Sustainable & deforestation-free
- ✓ Soybean origin from Austria
- ✓ Natural & clean label
- ✓ Fast rehydration time
- ✓ Excellent fibrous structure
- ✓ Pleasant neutral taste
