

Meat & fish

We are your specialist for special machines for the continuous processing of meat, cooked meat and fish: absolutely reliable, with the highest standards of hygiene and cleaning, and extremely cost-efficient.

Your specialist for special machines

At KRONEN, we offer specially adapted solutions for meat, cooked meat and fish processing. **Our machines can, for example:**

- pull cooked meat – beef, pork, lamb, chicken or duck – into fibers with a handmade “pulled meat” look
- cut cooked meat into slices
- cut salami, kebab meat and chicken
- cut cooked or frozen meat into cubes
- cut, dice or pull fish (e.g. salmon, octopus)
- spin-drying caviar
- disinfect packaging, containers and (packaged) food using UVC

You will also find everything from A to Z for washing, spin-drying and cutting vegetables, salad leaves and fruit.

Your benefits

- ✔ **Highest quality**
- ✔ **Continuous processing**
- ✔ **Maximum hygiene**
- ✔ **Particularly cost-efficient**

Our customers

Do you supply the retail trade, the food industry or the hospitality industry? Or would you like to offer high-quality and modern meat products for end consumers?

Then KRONEN is the right partner for you! We are a family-run machine manufacturer and deliver our products to over 120 countries around the world – globally yet locally.

- ✔ **Ready-made meal and convenience food producers**
- ✔ **Meat processing companies, slaughterhouses, retail trade**
- ✔ **Large butchers with centralized production**
