CONTAINERS

PUR PE walls filled with Polyurethane for insulation and strength

PE Triple wall PE construction for extra impact strength and durability. Easier recycling

65 Sæplast

PUR

Dimensions	Internal	External
Volume:	65 L	
Length:	66-68 cm	75 cm
Width:	30-32 cm	40 cm
Height:	30 cm	41 cm
Weight:		11 kg

Comes with lid

70 Sæplast

PUR

Dimensions	Internal	External
Volume:	70 L	
Length:	66-68 cm	75 cm
Width:	39-41 cm	50 cm
Height:	29 cm	34 cm
Weight:		12 kg

Comes with lid: 4.5 kg

310 Sæplast

PUR

Dimensions	Internal	External
Volume:	304 L	
Length:	85-87 cm	91 cm
Width:	64-66 cm	71 cm
Height:	55-57 cm	71 cm
Weight:		25 kg

Available with lid: 6.5 kg

340 Sæplast

PE

Dimensions	Internal	External
Volume:	338 L	
Length:	114-116 cm	123 cm
Width:	94-96 cm	103 cm
Height:	32 cm	44 cm
Weight:		40 kg

Available with lid: 12.5 kg

350 Sæplast

PUR

Dimensions	Internal	External
Volume:	350 L	
Length:	66-74 cm	80 cm
Width:	66-74 cm	80 cm
Height:	75 cm	90 cm
Weight:		35 kg

Available with lid: 8 kg

380 Sæplast

PUR

PE

Dimensions	Internal	External
Volume:	365 L	
Length:	88-90 cm	95 cm
Width:	68-70 cm	75 cm
Height:	61 cm	75 cm
Weight:		29/34.5 kg

Available with lid: 7 kg

460 Sæplast

PUR

Dimensions	Internal	External
Volume:	448 L	
Length:	114-116 cm	123 cm
Width:	94-96 cm	103 cm
Height:	40-42 cm	58 cm
Weight:		41 kg

Available with lid: 12.5 kg

460 Sæplast

PE

Dimensions	Internal	External
Volume:	448 L	
Length:	114-116 cm	123 cm
Width:	94-96 cm	103 cm
Height:	40-42 cm	58 cm
Weight:		50 kg

Available with lid: 12.5 kg

600 Sæplast

PUR

PE

Dimensions	Internal	External
Volume:	556 L	
Length:	110-112 cm	120 cm
Width:	90-92 cm	100 cm
Height:	57 cm	75 cm
Weight:		47/56 kg

Available with lid: 12.5 kg

605 Sæplast
PE

Dimensions	Internal	External
Volume:	603 L	
Length:	110-114 cm	120 cm
Width:	91-94 cm	100 cm
Height:	57 cm	76 cm
Weight:		52 kg

Not with lid

630 Sæplast
PE

Dimensions	Internal	External
Volume:	630 L	
Length:	111-115 cm	120 cm
Width:	91-95 cm	100 cm
Height:	60-61 cm	78 cm
Weight:		55 kg

Available with lid: 15 kg

660 Sæplast
PUR

Dimensions	Internal	External
Volume:	631 L	
Length:	114-116 cm	123 cm
Width:	94-96 cm	103 cm
Height:	58-60 cm	75 cm
Weight:		52 kg

Available with lid: 12.5 kg

660 Sæplast
PE

Dimensions	Internal	External
Volume:	631 L	
Length:	114-116 cm	123 cm
Width:	94-96 cm	103 cm
Height:	58-60 cm	75 cm
Weight:		60 kg

Available with lid: 12.5 kg

663 Sæplast
PUR

Dimensions	Internal	External
Volume:	631 L	
Length:	114-116 cm	123 cm
Width:	94-96 cm	103 cm
Height:	58-60 cm	75 cm
Weight:		53 kg

Available with lid: 12.5

Three runners for more bottom support

660 Sæplast Nordic
PE

Dimensions	Internal	External
Volume:	650 L	
Length:	112-115 cm	124 cm
Width:	92-95 cm	104 cm
Height:	62 cm	75 cm
Weight:		70 kg

Available with lid: 12 kg

700 Sæplast Nordic
PE

Dimensions	Internal	External
Volume:	755 L	
Length:	138-146 cm	155 cm
Width:	93-98 cm	108 cm
Height:	57 cm	68 cm
Weight:		70 kg

Available with lid: 12 kg

700 Sæplast
PUR

Dimensions	Internal	External
Volume:	700 L	
Length:	140-144 cm	156 cm
Width:	93-98 cm	110 cm
Height:	57 cm	71 cm
Weight:		65 kg

Available with lid: 12 kg

700 Sæplast
PE

Dimensions	Internal	External
Volume:	650 L	
Length:	113 cm	120 cm
Width:	93 cm	100 cm
Height:	68 cm	88 cm
Weight:		66 kg

Available with lid: 16 kg

1000 Sæplast A

PUR

Dimensions	Internal	External
Volume:	985 L	
Length:	130-140 cm	149 cm
Width:	100-110 cm	118 cm
Height:	73 cm	89 cm
Weight:		85 kg

Available with lid: 17 kg

1000 Sæplast

PUR

Dimensions	Internal	External
Volume:	1020 L	
Length:	135-139 cm	147 cm
Width:	106-110 cm	118 cm
Height:	71-72 cm	89 cm
Weight:		84 kg

Available with lid: 18.5 kg

1000 Sæplast

PE

Dimensions	Internal	External
Volume:	1020 L	
Length:	135-139 cm	147 cm
Width:	106-110 cm	118 cm
Height:	71-72 cm	89 cm
Weight:		100 kg

Available with lid: 18.5 kg

1000 Sæplast Nordic

PE

Dimensions	Internal	External
Volume:	1045 L	
Length:	132-139 cm	149 cm
Width:	102-109 cm	119 cm
Height:	75 cm	89 cm
Weight:		80/100 kg

Available with lid: 15 kg

LIDS AND OTHER EXTRAS

Lids

PUR PE

- Robust lids are available for most Sæplast tubs. The lids of the containers come complete with corner handles and strong rubber straps for added safety in securing the lids.
- Some lids are available with gaskets to ensure a tighter fit than with regular lids.
- We also offer an anti-spill combination for the 660 L container that is ideal for handling slushy mixtures that could spill out with regular lids.

Brine Grids

PUR

- Brine grids are available for 660 L, 1000 L tubs and 700 PE. These grids hold product in the liquid and ensure no oxygen can reach the product.
- Extra weighted brine grids are also available upon request.
- Ideal for marinating herrings.

Drain Grid

PUR

Drain grids are available for 660 L and 1000 L Sæplast tubs. These grids are put on the bottom of the container with a hygienic plastic net on top of the grid itself (not shown in photo). The grid can improve the freshness of the product by increasing the drainage time significantly. Typical use is in roe handling or when draining water from slushy mixtures.

PALLETS

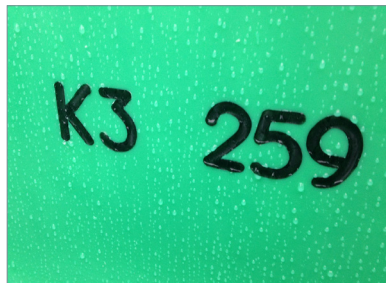

- We have various options available for pallets. All Sæplast pallets are hygienic as they are easy to clean with no cavities or sharp corners that could allow cross-contamination.

Type	Length	Width	Height	Weight
A-102	109 cm	89 cm	15 cm	17 kg
P-102	108 cm	89 cm	17 cm	20 kg
A-103	80 cm	60 cm	14 cm	8 kg
A-104	95 cm	85 cm	13 cm	14 kg
A-106	123 cm	103 cm	15 cm	18 kg
A-107	120 cm	80 cm	15 cm	16 kg
A-108	120 cm	80 cm	15 cm	15 kg
P-108	120 cm	80 cm	18 cm	20 kg
A-109	120 cm	100 cm	17 cm	20 kg

Deep printed markings

- Deep printed markings (silk screen print) are available that enhance the appearance and make containers easily identifiable.
- These markings are of single colour in black, green, red or white.
- Multicolour mould-in-graphics are also available upon request and at an added cost.

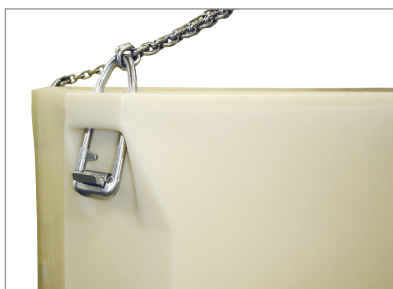

Engraved markings

- Serial numbers or short company names can be engraved into Sæplast containers (15 letter maximum) to ensure individual container identification, production years, sites or other customer needs.

Stacking

- Ergonomic design and streamlined construction ensure that Sæplast containers can be easily stacked to maximise use of valuable storage space.

Complete lifting kit

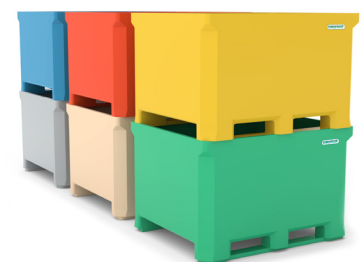

Special lifting hooks in stainless steel for vessel type:
310 / 350 / 380
340 / 460 / 660
900 / 1000

Lids

PUR PE

- Robust lids are available for most Sæplast tubs. The lids of the containers come complete with corner handles and strong rubber straps for added safety in securing the lids.
- Some lids are available with gaskets to ensure a tighter fit than with regular lids.
- We also offer an anti-spill combination for the 660L container that is ideal for handling slushy mixtures that could spill out with regular lids.

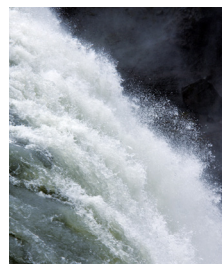

Colours

- Sæplast containers are available in various standard colours. Specific colours can be ordered for volume purchases.
- Colours are ideal for factory segregation and differentiating various waste streams such as CAT3, food grade and waste.

- Scan the QR code to see available colors.

WHY DALVÍK ICELAND?

- We were founded in 1984 and are the second biggest employer in the coastal village of Dalvík.
- Our staff is highly specialised with many years of experience, ensuring only premium products leave the plant.
- Iceland has abundant clean energy resources from both hydro- and geothermal power plants.
- We continually strive to reduce our environmental impact and we work with technical companies to identify the best recycling methods for used Sæplast containers.

REGULATORY COMPLIANCE

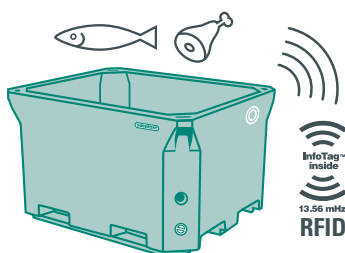

The material used in all Sæplast products complies fully with the regulations of the food industry and are constructed from EU/FDA-approved food-grade materials.

WARRANTY

All Sæplast products are guaranteed to be free of defects in material and workmanship for one year of normal handling.

Tracking options

RFID

SÆPLAST offers a wide range of tubs, pallets and other products, which can be equipped with Radio Frequency Identification (RFID) tags. The RFID ensures that each tub is marked, tracked and easily managed. RFID is a powerful wireless solution that stores information and keeps track of your products.

BARCODE

We are also able to equip SÆPLAST tubs, pallets and buggies with customer barcodes. The barcode contains machine-readable data and is frequently used in warehouses for stock assessment.

QR-CODE

We are also able to equip SÆPLAST tubs, pallets and buggies with a QR code. QR code is a fast and safe optical reading of data. Scan the QR code for more information.
