

Easy Green Eco Packaging Co., Ltd.

BAMBOO FIBER
Compostable Packaging

Just For Good Food

COMPANY PROFILE

Easy Green is a professional manufacturer committed to providing customers with innovative and sustainable food packaging solutions. We specialize in delivering high-quality disposable packaging products for the cold chain fresh food industry, including meat trays, fruit and vegetable boxes, and a variety of functional containers, dedicated to creating safe, eco-friendly, and efficient packaging experiences for our clients.

We boast a creative product design team and an experienced operations management team, combined with industry-leading manufacturing capabilities, ensuring that every product meets the highest standards. As a company with a strong sense of social responsibility, Easy Green consistently adheres to sustainable development principles, integrating environmental protection and social responsibility into every step of our growth.

Our Factory has obtained multiple international certifications, including ISO9001, ISO14001, ISO22000, BRC, FSC, OK compost, BPI, DIN EN13432. All products strictly comply with FDA and EU food safety standards, providing customers with reliable quality assurance.

We sincerely invite you to explore Easy Green and join us in creating a greener future together, achieving mutual success through collaboration!
