

HGTR Series High Speed Softmount Washer Extractor

We always adhere to technological innovation and continue to provide customers with more efficient and reliable products.

HGTR series products will bring you a new experience!

500 G-Force

High-end commercial and industrial laundry equipment manufacturer.

Strengths and Benefits

- The new frame structure increases G-Force up to 500, which greatly shortens the clothes drying time and saves energy.
- Clad steel panels are resistant to rust and fingerprints ensuring the surface of the equipment is always beautiful and clean.
- Machines below 100kg use SUSPA shock absorbers.
- 100kg adopts air bag and shock absorber hybrid suspension system ensuring the equipment runs more smoothly and quietly at ultra-high speed.
- The advanced electronic balancing system combined with the new frame greatly reduces out-of-balance and noise, and improves work efficiency.
- The specially designed 3D stereoscopic honeycomb-shaped inner drum with perforated lifters improves cleanliness and reduces damage to clothes.
- The innovative frame design makes the 100kg washer more compact and reduces the floor space by 25%.
- The 100kg washer has an optional front tilting function to reduce labor costs.
- Large touch screen controller, easy to operate.

Specifications		HGTR250F	HGTR300F	HGTR400F	HGTR1000F
Capacity 1: 9-10	kg	25	30	40	100
