OUR ROOTS

100 YEARS OF LAUNDRY EXPERIENCE

1922	1933	1949	2003	2015	2016	2020	2022
Talleres Roca is established, starting out as a timber processing company.	Talleres Roca moves to its new head office in Vic, on calle Arquebisbe Alemany.	Talleres Roca officially becomes part of the world of washers, which are marketed under the name Domus and Acor.	Talleres Roca moves its head office from Vic to the industrial area of La Quintana in Sant Julià de Vilatorrada.	The company changes its name to Onnera Laundry Barcelona.	The Sant Julià facilities are expanded for the first time.	In the middle of the pandemic, the company expands its Sant Julià facilities for the second time.	The company celebrates the 100th anniversary of its establishment in 1922.

Talleres Roca created the Domus brand in 1922 in Vic, in the province of Barcelona.

100 years later the brand is in amazing shape, with a strong market presence.

ONNERA GROUP

DOMUS is part of the **ONNERA Group**, a global group that markets its products on all five continents.

PROFESSIONALS

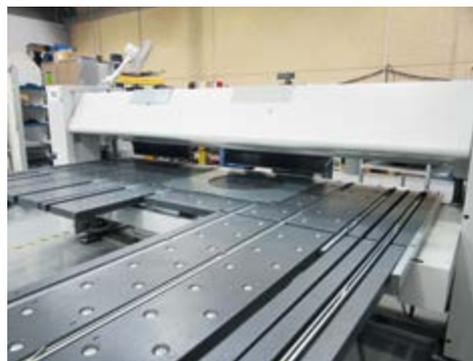

working to provide solutions to every market

We currently possess three industrial laundry equipment manufacturing plants, which operate closely together in complete synergy with each other. Two of the manufacturing plants are located in Spain, with a 14,000 m² plant in Barcelona and a 50,000 m² plant in the Basque Country. The third plant, measuring 4,000 m², is located in Lamotte Beuvron (France).

These state-of-the-art plants meet the needs of a constantly evolving business: new products and technology, growing markets, etc.

BY YOUR SIDE

HERE AT DOMUS WE HAVE ALWAYS BEEN KNOWN FOR BUILDING CLOSE RELATIONSHIPS WITH OUR DISTRIBUTORS AND LONG-LASTING RELATIONSHIPS WITH OUR CUSTOMERS.

OUR ENTHUSIASM AND DRIVE FOR GOOD WORK ARE WHAT DEFINES DOMUS'S RELATIONSHIP WITH ALL OUR PARTNERS.

 **DOMUS**

Here at Domus, we stick by our distributors and clients. We provide them with a wide range of commercial tools such as the new interactive catalogues, efficiency calculators, a quote system, lists of projects and references, virtual showroom and all of this at their fingertips with a simple click. We also participate in the main trade fairs in the sector, either directly or by supporting our distributors.

We also offer a powerful technical support to all our customers; we carry out frequent on-site technical training, extensive technical documentation, online support, e-commerce of spare parts. All of this is available through our APP or the website customer area.

TECHNOLOGY & INNOVATION

ECOVOLUTION by DOMUS

A CONSTANTLY EVOLVING
COMPANY WITH THE
LATEST MACHINES
TO OFFER EFFICIENT
SOLUTIONS

IoT

All our TOUCH II washers, dryers and flatwork ironers feature remote IoT connection.

DOMUSCONNECT gives our customers the piece of mind of having control over their business remotely, so they can manage it no matter where they are.

AN ENTIRE DIGITAL WORLD TO SUPPORT CUSTOMERS

All machine data is sent to your mobile device for easy analysis and engagement. Making business operations secure and efficient for optimal time management and profit.

DOMUSCONNECT

TOUCH II

This high-performance microprocessor with a 7" touch screen is featured on all our high-end washers, dryers and flatwork ironers.

EFFICIENCY

WE HAVE DEVELOPED A
NEW LINE OF CUTTING-
EDGE PRODUCTS, PACKING
ENERGY SAVINGS AND HIGH
PERFORMANCE THROUGHOUT
THEIR ENTIRE SERVICE LIFE.

ECOVOLUTION by DOMUS

Striving for the perfect balance between Innovation, Efficiency and Savings, over the last few years Domus has been heavily tech-driven, developing features for its ECO-ENERGY washer, dryer and flatwork ironer ranges. This has led to a new generation of energy-efficient, high-performing, technologically-advanced products.

Water

One of our goals is to reduce water usage, so we will not allow ourselves to waste it. We provide efficiently-designed washers featuring water-saving programmes, in addition to a unique water-recycling accessory, the **ECOTANK**.

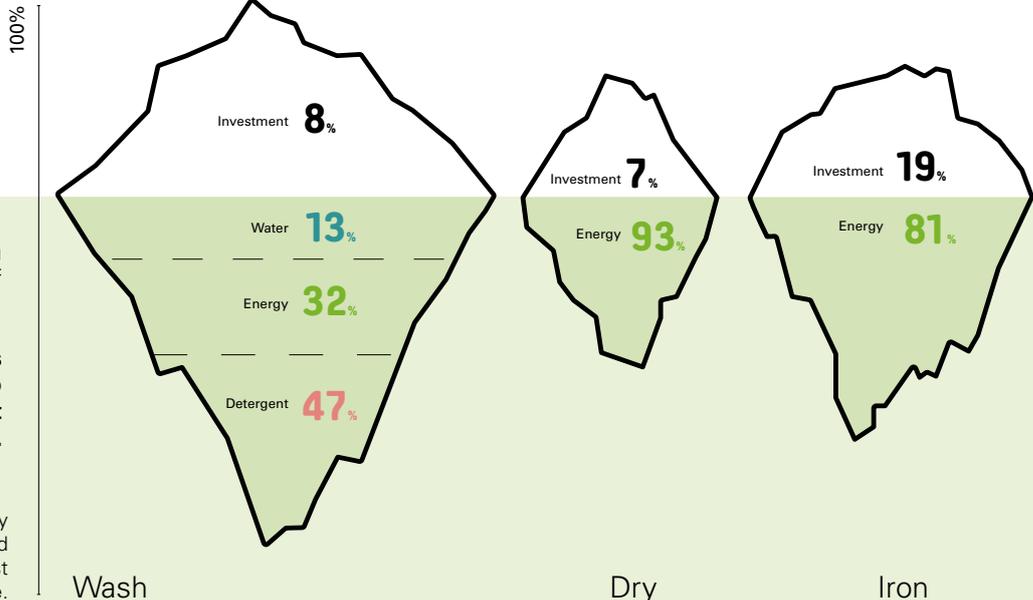

Energy

Energy efficiency is key for laundry services. Our machines have been designed with this goal in mind for greater energy savings.

Chemicals

Our washers are designed with features to ensure using the smallest amount of chemicals is easy.

The cost of machines at a laundry service is the tip of the iceberg.

Here at Domus we focus on the part you can't see to offer efficiency throughout a machine's life cycle.
