Line is a technical luminaire ideal for lighting offices, public areas or even at home. Line is available in 3000K warm light or 4000K neutral work light. Line is made of acoustic PET Felt and available in different lengths and heights.

Line can be used well as a single light above a worktop, but in combination with the acoustic model, Line really comes into its own as a minimalistic fixture, which is also a sound absorber.

With Line it is therefore possible to make a real acoustic design statement of the ceiling with the combination of baffles and Line fixtures in various colours, length, and height. Without having to compromise on light output and sound absorption.
Line
Line light single   Line light double   Line acoustic single   Line acoustic double

A very versatile lighting module. A great asset, especially combined with the acoustic version.

Line light single

Line light single

Material:
PET Felt (polyethylene terephthalate)
Fireclass: EN13501-1 Class B-s1-d0
Produced in The Netherlands

Fixture:
2m black cable
2 black metal wires with adjustable griplock
Black ceiling cap and black PET Felt interior (standard)

Lighting properties:

Integrated LED
17W | 2070lm

Dimmable
Not dimmable | Dali

CCT
3000K | 4000K

IP20

## Acoustic properties:

High absorption value

Diffusion

Measurements:

Total weight: 4,1kg (300mm)

max 2000

Light source specifications:

LED power:	17W
Connection voltage:	220-240V AC
Luminous Flux:	2070lm
Frequency:	47-63Hz
Driver:	Included	Integrated
Control	Dimmable:	Not dimmable	Dali
Power factor:	122lm/W
Optics:	Cubic Optic Noir
CCT Colour temperature:	3000K|4000K
CRI:	Ra>80
UGR:	<10
Operating temperature:	-20 ~ +45

Photometrics:
Lumen intensity distribution
Acoustic specifications:

Our models are currently being tested for their improved acoustic value
