

The background is a vibrant red with a gradient of orange and yellow at the top. A pattern of rounded rectangles is overlaid, some in a lighter red and some in a darker red, creating a textured effect. The rectangles are arranged in a grid-like pattern, with some overlapping and some slightly offset.

# ABOUT US

Welcome to our company, a recognized manufacturer of high-quality electrical solutions. Our mission is to provide customers with reliable and innovative products for various electrical installation tasks.

We specialize in the production of a wide range of electrical products, including cable trunking, extension cords, reels, plugs, and other accessories for electrical systems. Our products ensure reliable and safe wiring for both residential and commercial use. We take pride in the high quality and innovation of our products

Our team of professionals offers a personalized approach tailored to meet the unique needs of each client in the field of electrical engineering. Safety and efficiency are our top priorities.

Every product we manufacture meets high standards and safety regulations, ensuring reliability and long-lasting use. Choose us for your electrical equipment needs, and we guarantee high quality, advanced technologies, and excellent service. Together, we create reliable solutions for your electrical connections.

# CABLE DUCTS

High-quality cable ducts are an indispensable component of efficient electrical wiring. Our cable ducts are made of non-combustible PVC, which guarantees their reliability and safety in all operating conditions.

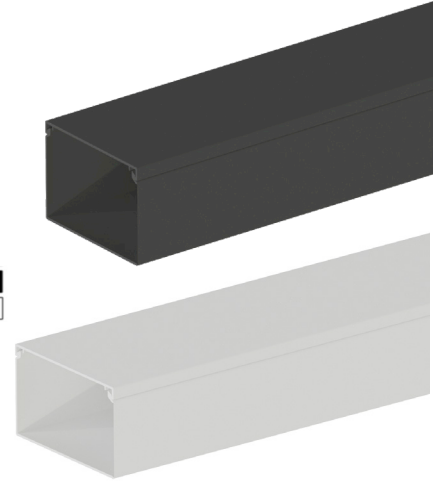

Thanks to their aesthetic design and various configurations, our cable ducts are ideal for routing cables along the surface of walls, floors or ceilings when recessed wiring is not possible. They provide a safe and aesthetically pleasing way to branch out wiring, solving the problems of cable safety and protection.

Our products are time-proven and known for their reliability. You can be assured of the high quality of our cable channels, which are easy to install and meet all modern electrical safety standards.

Choose our cable ducts for safety, efficiency, and a flawless look for your wiring.

# CABLE DUCTS

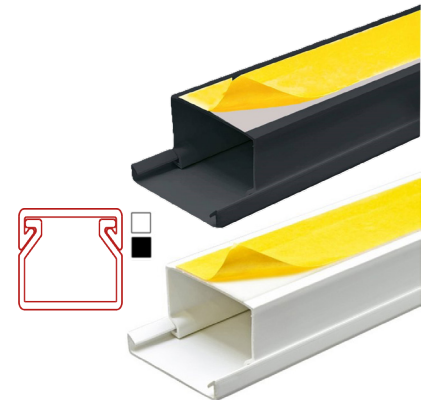

is a reliable and aesthetically pleasing solution for electrical wiring distribution. Made of high quality non-combustible PVC, it can be easily mounted on the surface of walls, floors or ceilings, ensuring safety and an organized look. Choose our cable channel for reliability and ease of use.

# CABLE DUCTS WITH DOUBLE LOCK

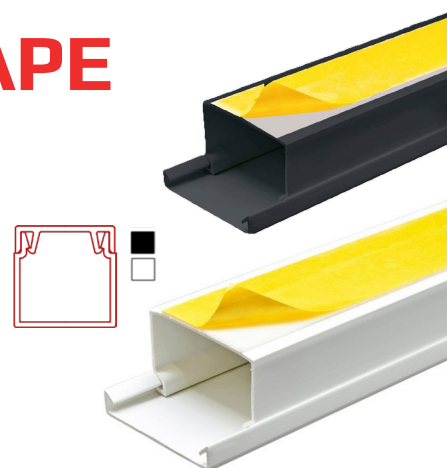

are a reliable choice for organizing electrical wiring. The double lock ensures extra durability and safety, providing a reliable cable retention in the trunking. This is a simple and effective way to ensure an organized appearance of the space and durability of your electrical wiring.

# CABLE DUCTS WITH DOUBLE LOCK WITH ADHESIVE TAPE

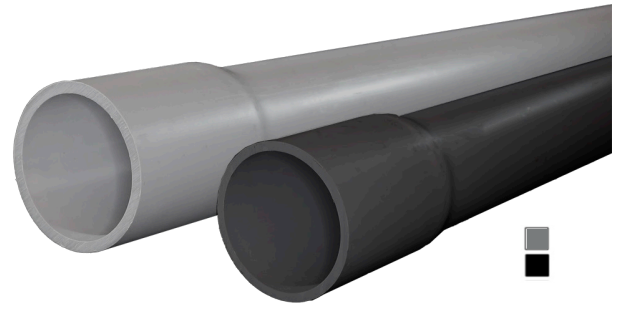

are an advanced system for organizing electrical wiring. The double lock ensures strength, while the adhesive tape adds extra fixation, providing stability of the channel and safety in cable retention. This is an effective solution for a reliable and organized wiring system in your space, where every detail is considered for your safety and comfort.

# ELECTRICAL WIRE PIPES

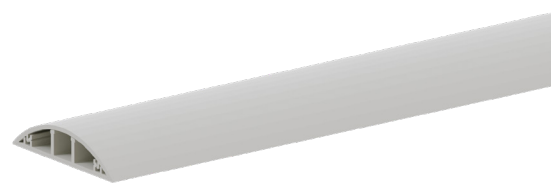

Our electrotechnical pipes are the ideal solution for laying electrical cables. With the ability to easily connect to each other, they are available in lengths of 2 m or 3 m. Our pipes provide an efficient and reliable system for laying cables, allowing you to easily manage electrical wiring in your space.

# FLOOR CABLE TRUNKING

Our semi-circular floor cable trunking are the perfect solution for organizing and protecting electrical cables on the floor. With their unique design and easy connection system, these trunkings offer convenience and efficiency in cable placement. Available in lengths of 2 m or 3 m, our floor cable trunking create an organized and safe system for conducting cable infrastructure in your space.

Code	Name	Size	Meters/ box	Weight box, kg	Length, cm	Width, cm	Height, cm	Volume, m3

<b>NX3402</b>	Floor cable trunking	90x20 mm, 2m	20	17,94	205	27	8	0,0443

# CLAMP FOR CABLE NEOMAX

This is a simple but effective solution for mounting cables on any surface.

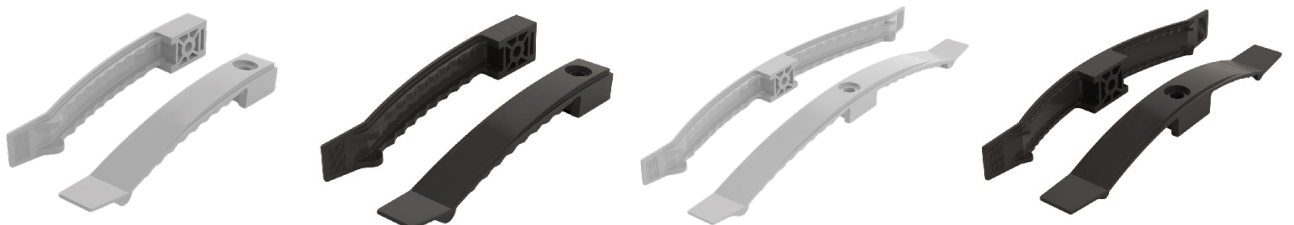

The bracket presses the cable tightly to the wall or ceiling and is fixed with a self-tapping screw - installation is done by drilling into the surface.

This method guarantees reliability: the cable does not sag, does not move, and looks neat. The clamp is suitable for round and flat wires, and its shape ensures a snug fit without damaging the insulation.

It fits harmoniously into the interior and allows you to quickly organize the cable route without using glues or fragile clips.

# GROUP SOCKET AND EXTENSION CORDS

Our group sockets and extension cords embody a combination of high quality, ease of assembly, and unique design, providing you with reliable and convenient solutions for your electrical installation.

Made from high-quality materials, our group sockets and extension cords ensure long service life and resistance to operational loads. The unique design we implement not only emphasizes their functionality but also adds an aesthetic layer to your space.

Ease of assembly is a key aspect of our products, making them ideal for quick and efficient installation. We offer group sockets and extension cords in white and black colors, with and without grounding, various cable lengths, as well as with and without a switch.

Moreover, you can choose group socket and extension cords with different cable lengths, adapted to the specific requirements of your electrical installation. We understand the importance of individual needs of our clients, therefore, we offer flexible solutions for various usage scenarios.

You will receive not only high quality but also convenience in use, making our group sockets and extension cords an essential part of your electrical system.

Choose our products to ensure reliability, ease of management, and aesthetics in every touch with electrotechnics. Our wide range of options allows you to find the optimal solution for any needs of your project.

Our group sockets and extension cords with grounding are a reliable and safe choice for your electrical needs. Grounding provides an additional level of protection, and the group socket and cords allow easy connection and distribution of electrical power.

Thanks to grounding, our group sockets and extension cords guarantee safe use, helping to prevent electrical risks. Their durable performance and easy use make them an ideal choice for home or office, where reliable electrical power is needed.

For everyday tasks that don't require grounding, MAX's plugs and extension cords are a simple yet thoughtful choice. They are ideal for connecting lighting, chargers and consumer electronics.

Thanks to their compact form factor and sleek design in white or anthracite, they look neat even in open areas

The brass contacts ensure reliable connection, and the variety of models with 2-6 jacks makes it easy to choose the best option for any room or workplace.

# GARDEN EXTENSION CORDS

Our garden extension cords are the perfect solution for your garden or yard. With one plug and one socket, they allow you to effectively branch your electrical power with a long wire.

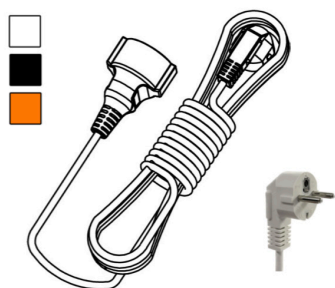

Made from high-quality materials, our garden extension cords ensure reliability and resistance to external conditions. Their design, considering the needs of your garden, provides convenience and reliability in use.

With one plug and socket, these extension cords are ideal for use with power tools, lighting, or other electrical devices in your garden. Choose our garden extension cords to easily and efficiently provide electrical power in open spaces.

## CABLE WITH PLUG

Our cables with plugs are reliable solutions for providing electrical wiring under any conditions. The molded cable with a plug ensures reliability and longevity of the electrical connection.

We offer various plug variations, including those with and without grounding, as well as straight and angled models. This gives you the opportunity to choose the optimal variant for specific applications, wherever you are

Our cables with plugs and high-quality molded cable become a reliable foundation for your electrical system, ensuring efficient and safe power supply. Choose our products for reliability and flexibility in using electrotechnics.

# EXTENSION REELS

are the perfect solution for providing electrical supply at the garden site, construction, or other similar works. Each reel is equipped with 4 sockets, allowing multiple electrical devices to be connected simultaneously, ensuring efficiency and convenience.

We offer various wire length variations to meet your specific needs at the garden site, during construction, or other similar works. This provides flexibility in use and ensures optimal power supply for your work.

Choose our reels for uninterrupted and convenient electrical supply under any work conditions. Our reels with a button and built-in fuse are a smart and safe solution for providing reliable power supply.

The button allows easy control of connected devices, and the built-in fuse ensures additional protection from overloads and short circuits, securing safety and longevity of the electrical equipment. Plastic reel medium with 4 sockets with grounding

# GAEDN REELS (WITH GROUNDING)

Our garden reels are equipped not only with a socket for connection, a long wire, and a plug but also a grounding system for an extra level of safety. This ensures reliable and safe power supply for your garden equipment or lighting in outdoor conditions.

The combination of ease of use and protection from potential risks makes our reels ideal for use in the garden or yard.

# GAEDN REELS (WITHOUT GROUNDING)

Our garden reels without grounding are a convenient and practical solution for extending electrical wiring in your garden or yard. Each reel is equipped with one plug for connection and one socket for convenient use of electrical appliances.

This extension on a reel stands out for its compactness and ease of transportation, making it an ideal option for use in the garden or on the plot. This practical solution for providing electrical supply to various garden tools or lighting eliminates the need for complex installation.

# DISTRIBUTION BOXES FOR AUTOMATIC SWITCHES

Our distribution boxes for automatic switches are a reliable and safe solution for protecting electrical systems. We offer two variations: hidden and external boxes, allowing you to choose the optimal option according to your project or needs.

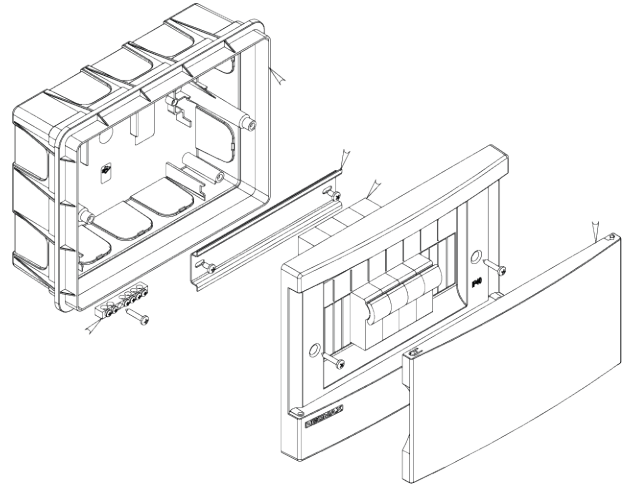

Hidden boxes are ideally suited for instances where you need to integrate automatic switches into a wall or another internal space. This ensures an aesthetic appearance and volumetric safety in the electrical system.

External boxes are excellent for protecting switches from weather conditions and providing easy access for maintenance. They allow for effective handling of external influences, ensuring a high level of safety for your electrical system.

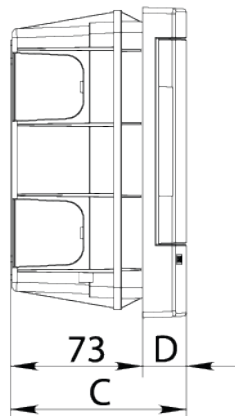

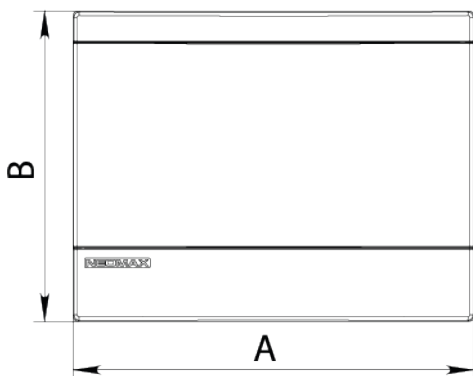

Choose our boxes for automatic switches to ensure reliable protection and convenient use of your electrical devices.

## ACCESSORIES

Our range of accessories includes various components designed for convenience and expansion of capabilities of your electrical system. From electrical plugs and sockets to splitters, adapters, and converters - we offer a wide selection of products for different requirements and usage scenarios.

Electrical plugs, sockets, and adapters allow for convenient and reliable connections between electrical devices.

Our 2 and 3 gang sockets expand the number of possible connections, providing convenience in using your electrical system .

Choose our electrical installation accessories to ensure reliability and flexibility in every aspect of your project. Our products are made from high-quality materials, guaranteeing durability and safety in use.

WHITE: NX1030

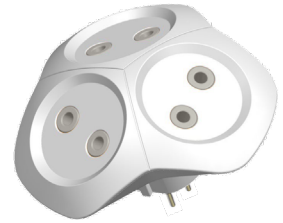

BLACK: NX1130

Psc. per pack	1	Length, cm	46
Pcs. per box	90	Width, cm	32
Weight, pcs	0,06	Height, cm	29
Weight box, kg	5,00	Volume, m3	0,0427

## Triple Plug & Socket

WHITE: NX1018

Psc. per pack	10	Length, cm	46
Pcs. per box	60	Width, cm	32
Weight, pcs	0,07	Height, cm	29
Weight box, kg	5,00	Volume, m3	0,0427

## 3 Gang earthed socket plug

WHITE: NX1014

BLACK: NX1114

Psc. per pack	10	Length, cm	46
Pcs. per box	60	Width, cm	32
Weight, pcs	0,12	Height, cm	29
Weight box, kg	6,90	Volume, m3	0,0427

## 2 Gang earthed socket plug

WHITE: NX1012

BLACK: NX1112

Psc. per pack	14	Length, cm	46
Pcs. per box	84	Width, cm	32
Weight, pcs	0,10	Height, cm	29
Weight box, kg	8,22	Volume, m3	0,0427

## 3 Gang socket plug

WHITE: NX1015

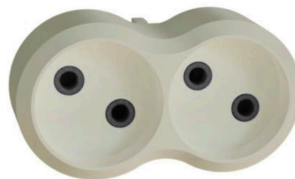

BLACK: NX1115

Psc. per pack	12	Length, cm	46
Pcs. per box	72	Width, cm	32
Weight, pcs	0,08	Height, cm	29
Weight box, kg	6,00	Volume, m3	0,0427

## 2 Gang socket plug

WHITE: NX1013

BLACK: NX1113

Psc. per pack	15	Length, cm	46
Pcs. per box	90	Width, cm	32
Weight, pcs	0,08	Height, cm	29
Weight box, kg	7,42	Volume, m3	0,0427

# RUBBER CONNECTORS

Our rubber accessories are the ideal choice for those seeking high-quality and resistant solutions for electrical connections. Sockets, straight plugs, and angled plugs, made from quality rubber, provide them with properties of strength and flexibility.

Our rubber sockets ensure reliable and safe electrical connections. They are resistant to external factors such as moisture and temperature changes, making them ideal for use under various conditions.

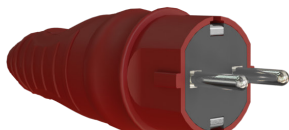

Straight and angled plugs made from rubber allow for easy and reliable connection of your electrical devices. The flexibility of the material provides ease of use and durability of the products.

Choose our rubber accessories to ensure reliability and resistance in your electrical system, even under harsh operating conditions.

## Rubber Earthed straight plug

BLACK: NX2000

RED : NX2200

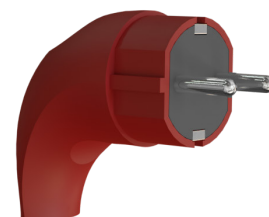

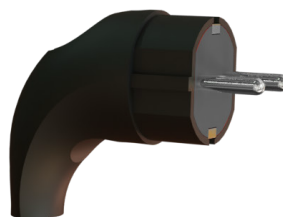

Psc. per pack	20	Length, cm	46
Pcs. per box	120	Width, cm	32
Weight, pcs	0,06	Height, cm	29
Weight box, kg	7,22	Volume, m3	0,0427

## Rubber Earthed L-plug

BLACK: NX2001

RED: NX2201

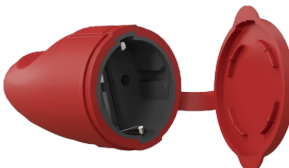

Psc. per pack	30	Length, cm	46
Pcs. per box	180	Width, cm	32
Weight, pcs	0,06	Height, cm	29
Weight box, kg	10,23	Volume, m3	0,0427

## Rubber Earthed straight socket with cover

BLACK: NX2004

RED : NX2204

Psc. per pack	15	Length, cm	46
Pcs. per box	90	Width, cm	32
Weight, pcs	0,08	Height, cm	29
Weight box, kg	7,32	Volume, m3	0,0427

## Rubber Earthed L-plug

BLACK: NX2002

RED: NX2202

Psc. per pack	30	Length, cm	46
Pcs. per box	180	Width, cm	32
Weight, pcs	0,06	Height, cm	29
Weight box, kg	10,23	Volume, m3	0,0427

## MOUNTING BOXES

Our junction boxes are an essential element for organizing electrical wiring in an interior or on an external wall. We offer options for embedding in concrete or drywall walls, as well as hidden and external boxes for branching electrical lines.

Junction boxes for concrete or drywall walls integrate perfectly into the structure, providing an opportunity to efficiently place sockets and switches. They ensure convenience and safety in installing electrical devices in your premises.

Hidden junction boxes allow keeping wires out of sight, ensuring a clean and organized appearance of walls. This is particularly important for those who pay attention to design and integrated systems.

External junction boxes are ideal for protecting electrical wiring outdoors and in conditions where resistance to external influences is crucial.

Choose our installation boxes - junction boxes for walls to ensure reliability, convenience, and an aesthetic appearance of your electrical system.

## MOUNTING BOXES

### NX1033

Flush mounting box for solid walls  
(Ø65mm, H=45mm)

Psc. per pack	1
Pcs. per box	100
Weight box, kg	1,64
Length, cm	50
Width, cm	44
Height, cm	18
Volume, m3	0,0396

### NX1034

Flush mounting deep box for solid  
walls (Ø65mm, H=60mm)

Psc. per pack	1
Pcs. per box	100
Weight box, kg	1,80
Length, cm	50
Width, cm	44
Height, cm	18
Volume, m3	0,0396

### NX1035

Flush mounting solid wall box  
(Ø65mm, H=45mm)

Psc. per pack	1
Pcs. per box	100
Weight box, kg	1,80
Length, cm	50
Width, cm	44
Height, cm	18
Volume, m3	0,0396

### NX1032

Flush mounting box for drywall  
(Ø65mm, H=45mm)

Psc. per pack	1
Pcs. per box	100
Weight box, kg	2,42
Length, cm	50
Width, cm	44
Height, cm	18
Volume, m3	0,0396

### MBS021

Flush mounting junction box  
(with screws) (Ø60mm, H=41mm)

Psc. per pack	1
Pcs. per box	200
Weight box, kg	2,73
Length, cm	85
Width, cm	50
Height, cm	16
Volume, m3	0,0680

### MBS022

Flush mounting junction box  
(without screws) (Ø60mm, H=41mm)

Psc. per pack	1
Pcs. per box	200
Weight box, kg	2,47
Length, cm	85
Width, cm	50
Height, cm	16
Volume, m3	0,0680

## MOUNTING BOXES

### MBS023

Flush mounting universal box  
(with screws) (Ø60mm, H=41mm)

Psc. per pack	1
Pcs. per box	200
Weight box, kg	2,34
Length, cm	85
Width, cm	50
Height, cm	16
Volume, m3	0,0680

### MBS024

Flush mounting universal box  
(without screws) (Ø60mm, H=41mm)

Psc. per pack	1
Pcs. per box	200
Weight box, kg	2,08
Length, cm	50
Width, cm	44
Height, cm	18
Volume, m3	0,0396

## JUNCTION BOXES

### NX1040

Round Junction box for solid walls  
(Ø75mm, H=45mm)

Psc. per pack	1
Pcs. per box	144
Weight box, kg	7,92
Length, cm	50
Width, cm	44
Height, cm	18
Volume, m3	0,0396

### NX1041

Round Junction box for solid walls  
(Ø100mm, H=50mm)

Psc. per pack	1
Pcs. per box	60
Weight box, kg	2,70
Length, cm	50
Width, cm	44
Height, cm	18
Volume, m3	0,0396

### NX1042

Round Junction box for dry walls  
(Ø80mm, H=45mm)

Psc. per pack	1
Pcs. per box	34
Weight box, kg	3,08
Length, cm	50
Width, cm	44
Height, cm	18
Volume, m3	0,0396

# WATERPROOF BOXES

## NX1043 NX1143

Waterproof junction box round  
(Ø80mm H=45 mm)

Psc. per pack	1
Pcs. per box	90
Weight box, kg	5,95
Length, cm	46
Width, cm	32
Height, cm	29
Volume, m3	0,0427

## NX1049 NX1149

Waterproof junction box square  
(70x70x35 mm)

Psc. per pack	1
Pcs. per box	90
Weight box, kg	6,11
Length, cm	46
Width, cm	32
Height, cm	29
Volume, m3	0,0427

## NX1044 NX1144

Waterproof junction box square  
(85x85x40 mm)

Psc. per packi	1
Pcs. per box	60
Weight box, kg	5,50
Length, cm	46
Width, cm	32
Height, cm	29
Volume, m3	0,0427

## NX1045 NX1145

Коробка розподільча герметична IP55  
зовнішня квадратна 100x100x50 мм

Psc. per packi	1
Pcs. per box	34
Weight box, kg	4,14
Length, cm	46
Width, cm	32
Height, cm	29
Volume, m3	0,0427

## NX1046 NX1146

Waterproof junction box square IP66  
(150x115x65 mm)

Psc. per packi	1
Pcs. per box	28
Weight box, kg	3,41
Length, cm	46
Width, cm	32
Height, cm	29
Volume, m3	0,0427

## NX1047 NX1147

Waterproof junction box square IP66  
(190x150x75 mmCL)

Psc. per packi	1
Pcs. per box	6
Weight box, kg	0,73
Length, cm	15
Width, cm	45
Height, cm	19
Volume, m3	0,0128

## NX1048 NX1148

Waterproof junction box square IP66  
(240x190x95mm)

Psc. per pack	1
Pcs. per box	4
Weight box, kg	0,49
Length, cm	24
Width, cm	38
Height, cm	29
Volume, m3	0,0173
