About Lepro

Redefining Light with AI: Lepro's Journey to Create Smarter Lives

Since its inception in 2012, Lepro has illuminated countless spaces across North America, Europe, and Asia. Renowned for its reliability, Lepro has garnered a loyal following of **over 30 million satisfied customers**, a testament to the brand's commitment to quality.

The Dawn of a New Era: Now AI Lighting Pioneer and Leader

The 2020s marked a pivotal shift in lighting technology, with Lepro at the forefront of this transformation.

Our dedication to exploring the potential of AI in lighting predates even the advent of groundbreaking platforms like ChatGPT. Four months before the release of ChatGPT, we applied for the first invention patent for AI lighting. Since then, we have innovated the AI algorithms multiple times and applied for multiple patents.

Today, Lepro proudly stands as a trailblazer in the realm of AI lighting, with an extensive portfolio of innovative products that define the industry's future.

Lepro Vision: Create Smarter Lives

Lepro's vision extends into the realm of smart home technology, with cutting-edge products like intelligent cameras and speakers. With every product we design, our mission is clear: to seamlessly integrate smarter AI into every corner of your lives, enhancing ambiance convenience, security, and efficiency.

A Decade of Trust: Why Choose Lepro?

Enjoy smarter lives with Lepro: To the best of our knowledge, Lepro is the first company on the earth to use AI (large language model) to generate lighting effect end to end. Lepro developed lots of AI features too, which make your lives convenience, security, and efficiency.

Safety and Efficiency: Safety is paramount. Lepro products meet the highest standards, with UL or ETL certifications, ensuring both safety and energy efficiency.

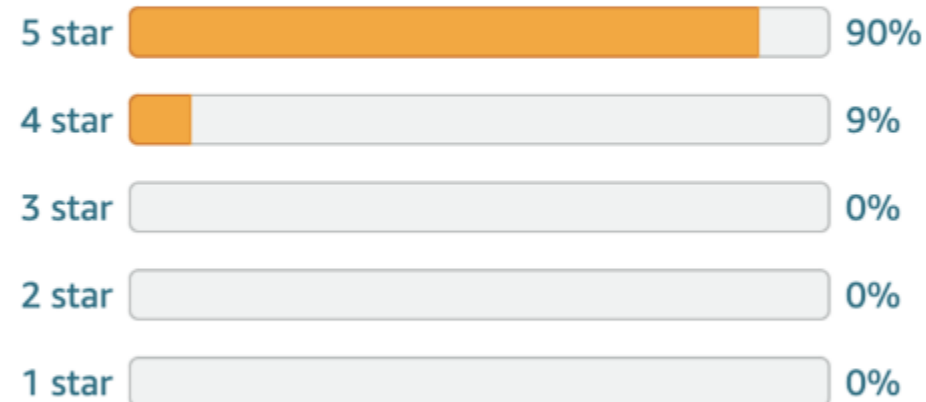

World-Class Quality: Sharing manufacturers with global top brands, Lepro takes pride in its exceptional craftsmanship, guaranteeing customer satisfaction and stellar service.

Acclaimed Reviews: Our reputation is reflected in **over 100,000 positive online reviews** in the US, underscoring our unwavering commitment to quality.

Lepro Ami

Your Always-on 3D AI Soulmate

Meet the AI Companion that feels truly present. A lifelike 3D character on a curved display mirrors its words with natural gestures and expressions. Your privacy is protected with on-device storage and cloud processing can be end-to-end encrypted. From daily check-ins to timely, proactive support, it notices your mood, remembers what matters—like a companion who's really there.

Lepro Ami

AI Companion

- Immersive 3D avatar on a curved OLED display.
- Always-on standalone companion—no phone or app needed.
- Privacy-first: biometric lock, local data, mic/camera kill switches.
- Feels you: senses mood from face, voice, and heart rate.
- Uniquely yours: customizable look, voice, story, and personality.
