

Multifunctional Camping Light——CC1

Product Introduction

CC1 Camping light is a lightweight, portable, versatile outdoor lighting, using the design of aluminum alloy body. While ensuring its portability, it also increases its standability.

The combination of high-energy batteries and high-efficiency LEDs makes the product achieve a perfect balance between brightness and battery life.

The body can be quickly folded and stored. Stepless adjustment of telescopic height with a high brightness lamp head, let there be no more darkness.

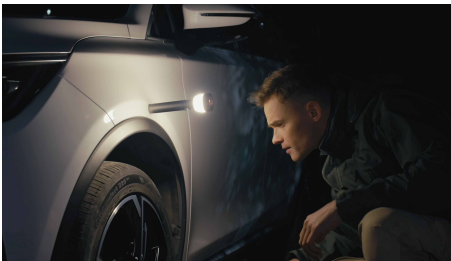

Usage Scenario

Outdoor Lighting

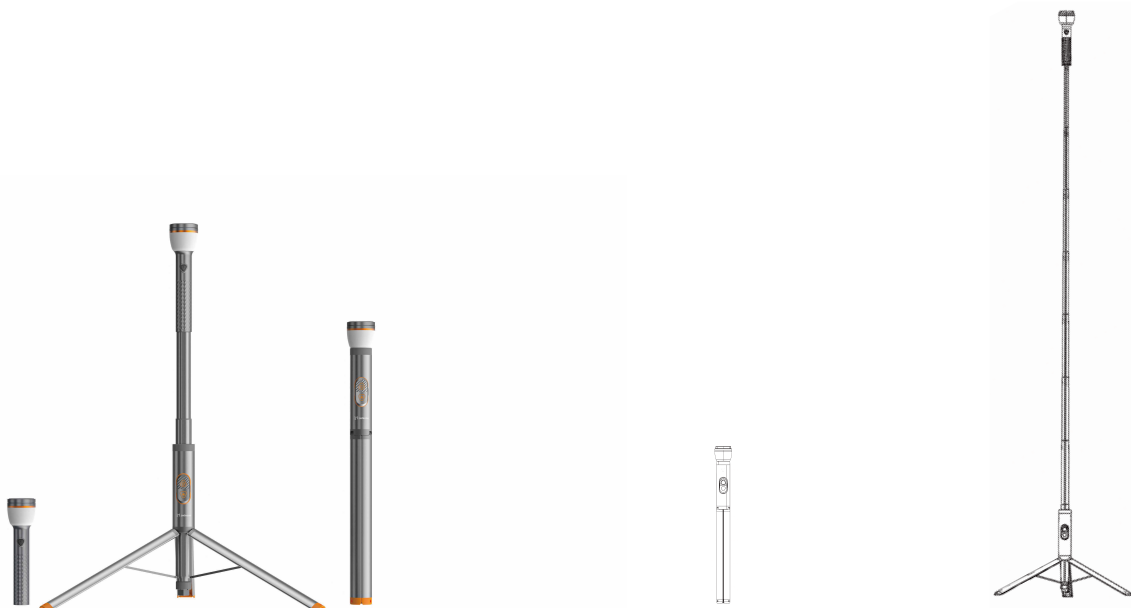

Camping Party

Emergency Maintenance

Product Information

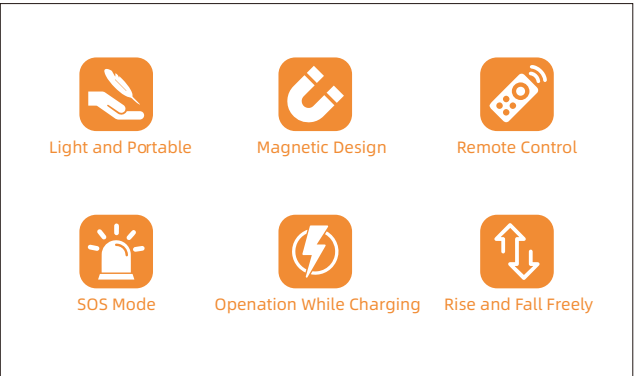

Storage size: 470*φ50 mm Unfold size: 1920*φ430 mm

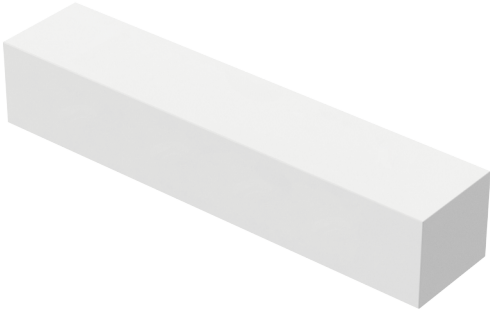

Technical Parameter

Item	Value			
Flood Light	Lumen	800 Lm	400 Lm	40Lm
	Power	8 W	4W	0.4 W
Spot Light	Lumen	600Lm	200 Lm	40Lm
	Power	6 W	2W	0.4 W
Run Time	4H	8H	20H	
Battery	3.6V 18650 * 1 3000mAh			
Charge Time	1.5 H			
Height	1920 mm			
Dimension	φ50 *470 mm			
Weight	588g			
IP Code	IP 65			
Remote Control Distance	7 Meters			
Warranty Period	1 Year			

Component	Material
Flashlight Case	Plastic
Tripod Housing	Aluminum

Packaging Information

Single box size: 485*80*60mm

24 PCS/box Size: 497*379*340mm
