Key features

- Automatic data collection and processing
- Customisable EPD (Environmental Product Declaration) templates based on your Product Category Rules
- Access to over 300,000 LCA datasets and up to 150 relevant Ecoinvent datasets
- Creation of branded EPDs in multiple languages

Benefits

- Intuitive UI and easy-to-use platform
- Complies with **EN 15804+A1, EN 15804+A2, ISO 14067, ISO 21900, ISO 14025, INIES, and TRACI 2.1**
- Customer-specific private EPDs and TM65-compliant calculations
- Benchmark products and gain accreditation for certifications
- Extensive support and training resources

Supported product categories

- EPDs for construction materials
- EPDs for MEP (Mechanical, Electrical, Plumbing) products
- EPDs for other product categories like automotive, lighting, electronics, energy, chemicals, and furniture

Heidelberg Materials

"Not all of our competitors create EPDs, and since we do, it's a big benefit for us. Some projects we have won because we had the best EPDs and were able to provide answers surrounding them."

Andreas Lidö, Heidelberg Materials Precast Abetong
