## THE GIFTWELL STORY

The beginning of the Giftwell story could easily be one of the many other family business stories from China in the 1990's but at the same time is as unconventional as it could be.

It was just as China had reopened its doors. Foreign business swarmed in and small workshops and trading companies flourished.

It was in this environment that the young Jameson, a college English professor and his bold, beautiful wife Janny decided to take a chance and change careers, starting our company from scratch.

Twenty years later, Giftwell is still a family owned and run company. Leadership has changed hands to the next generation and the team has grown, but the spirit of love, care, and honesty between families lives on in our team, our customers and our suppliers.

As a professional trading company for home, garden and holiday décor, we connect local suppliers to overseas customers, acting as a reliable bridge. Today, Giftwell delivers innovative ideas, high quality products and top service all over the world.

## THE GIFTWELL PLEDGE

To be your life-long reliable partner in China.

### Professional performance

With 20 years accumulated expertise in the decoration business, we select only the best and most reliable suppliers to make products according to your exact needs. We receive first-hand trend information and new production techniques, and source the newest collection for each season. We ensure the right supplier, right materials, and right productions, with a fair price, high quality and smooth shipment.

### Committed to the collaboration

As the link between you and local suppliers, we work to make our customers, suppliers and ourselves work as a whole team, striving to find the optimal solutions for all. Efficient and thorough communication, diligent work, and each member of the team contributing to ensure the quality and punctuality is our top commitment.

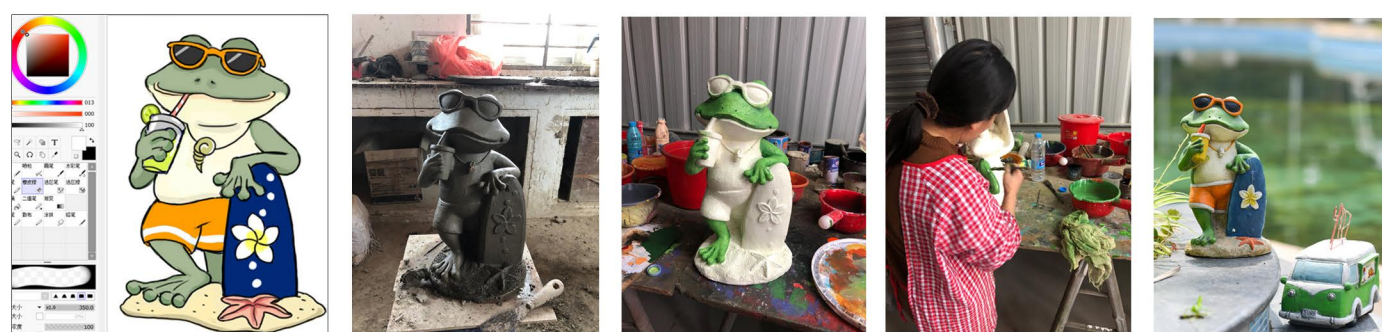

### Honesty and responsibility

Being honest and responsible is a fundamental business principle we have followed unchangingly for twenty years. To ensure your orders run smoothly, we discuss problems with you openly and with transparency, working actively to resolve issues. We not only carry out customer designs, but also ensure 100% intellectual property protection. We take care of the whole collaboration with full responsibility.

### Never ending Improvement!

Having the love and passion for what we do leads us to work tirelessly to be better every day. We continually design, improve the work process, and train our suppliers and workers to be more efficiently adapt to the fast changing market. We believe the healthiest business model is long-term development, and we love to grow together with our partners..
