

VERT SAPIN

NATURAL SOPHISTICATION: EVERGREEN, NATURALISTIC, VIBRANT

"Vert Sapin" by J-Line is an ode to green, a collection where a variety of hues - from glassware to pottery and textiles - paint every moment in the spirit of nature. Christmas trees and garlands blend seamlessly with rough natural wood and bright white, inviting the outdoors in. With a Scandinavian touch, this assembly is pure and minimalistic, yet luminous, transforming your space into a serene haven where light dances through every shade of green, embodying vitality and natural beauty.
