Autumn table Green

Dark Green,
Pistache Green
& Sahara Grey

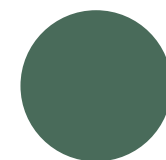

To set this autumn table, start with a **Dark Green** table roll.

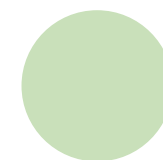

Then put a table runner in a **Pistache Green** shade on top.

The napkins in soft beige **Sahara Grey** enhance the contrast between the light and **Dark Green** to create a harmonious table.

Tip: add some wooden accessories for a natural look.

Dark Green

Pistache Green

Sahara Grey

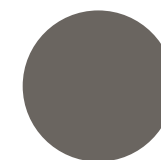

Autumn table Brown

Chocolat, Taupe
& Sahara Grey

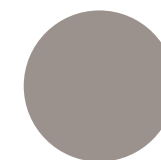

This table is characterised by warm, brown tones. A **Chocolate Brown** table roll is added as the first layer of your table. This is then topped with a **Taupe** table runner.

The napkins in neutral, brighter **Sahara Grey** contrast nicely with the warm tones to instantly create a cosy autumn feeling at the table.

Autumn table Natural

White &
Kraft Chocolat

A simple **White** tablecloth is the background for **Kraft Cacao Brown** placemats, beige cutlery pouches and sand-coloured napkins. The placemats and cutlery pouches are made of kraft paper, a strong paper type used for biodegradable and recyclable packaging.

All together these elements create a beautiful, natural autumn table laid with respect for the environment.

Romantic table

White & Rose

Put a **White** tablecloth and a **Rose** table runner across the width of your table. A flared napkin in the same soft pink hue on the plates breaks up the white of your tablecloth. This immediately creates a cosy, intimate atmosphere at your table, the perfect setting for a romantic candlelight dinner.

Tip: put some candles and tea lights on the table for an extra touch of romance.

Winter table Red

Champagne,
Cherry Red
& Strawberry

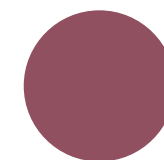

The red tones on this table instantly catch your eye. The intense **Strawberry Red** of the napkins gives your table fervour and warmth, while the deeper **Cherry Red** of the runners and the **Champagne** colour of the tablecloth make sure your table radiates a welcoming peace as well.

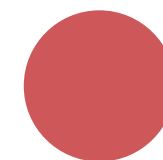

This colour combination is perfect for those warm moments spent together at the table in winter.

Winter table Blue

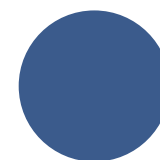

White
& Dark Blue

In this example, **White** and **Dark Blue** make up the perfect winter scene together. The white tablecloth is reminiscent of a snow carpet and contrasts beautifully with the **Dark Blue** of the runner and napkins.

Blue is the colour of the sky and the sea, radiates tranquillity and has a calming effect.

The result is a perfect winter table for a wonderfully relaxed dinner.

Combine a light **Cool Grey** table roll with a **Dark Grey** runner and echo both shades in the napkins.

This will create a modern winter table that perfectly suits a sleek temporary interior.

Green

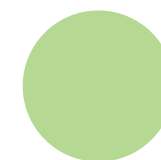

Put down a **White** tablecloth and add a **Spring Green** table runner across the length of your table.

The **Spring Green** runner will contrast with the white tablecloth and the more vivid green of the napkins.

The fresh colour palette of white and green shades immediately evokes the feeling of spring.

Tip: add some decorations in soft colours and see spring awaken on your table.

Southern summer table

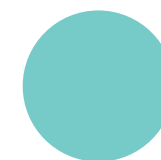

Sahara Grey &
Pacific Blue

The colours of this table are reminiscent of a southern holiday destination.

The sandy beige **Sahara Grey** tablecloth and soft **Pacific Blue** of the runner and napkins evoke images of white beaches and a clear blue sea.

This table will make your guests feel as though they are on holiday in a sunny place.

Cheerful summer table

Fuchsia,
Champagne
& Clementine

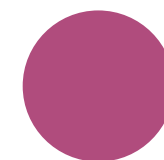

This table is an example of colour blocking, a trend that pairs vivid colours to create contrast.

The bright shades of **Fuchsia** and **Clementine** provide a striking contrast and are so cheerful they will give your table a very summery feel.

Tip: add **Champagne** table runners to neutralise the striking contrast.

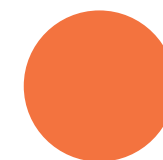

This keeps the colour combination modern without making the entire table too flashy.

Bold fuchsia

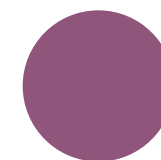

Aubergine,
Pacific Blue
& Fuchsia

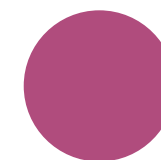

This table shows a trendy and pleasantly surprising combination of colours. The dark purple tone of the **Aubergine** tablecloth is very warm and immediately creates a lovely atmosphere. The cool light **Pacific Blue** hue of the table runner instantly creates a beautiful contrast for a statement table setting.

Finish with bright **Fuchsia** napkins for a bold contrast.

Subtle in pink

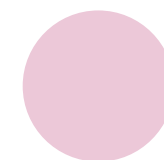

Rose,
Aubergine
& Arctic Blue

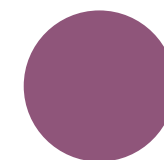

The **Aubergine** also instantly brings a warm atmosphere to this table and the contrast with the **Arctic Blue** napkins makes a trendy statement.

The difference from the previous bold combination lies in the foundation of your table setting: the tablecloth.

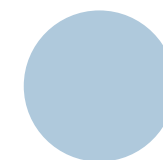

The **Rose** tablecloth in a soft pink shade covers most of the table for a more subtle effect.

Table Classic Red

Bordeaux
& Ecu

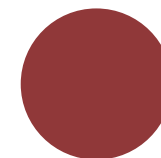

Less is more, as proven by this table's classic colour combination. The **Bordeaux** tablecloth and cutlery pouches are accompanied by **Ecu** placemats and napkins. Ecu is a subtle, elegant shade that goes with many styles and colours. The combination of this versatile hue with a powerful dark red creates a warm and welcoming table.
