LIMITED EDITION

The door is always open

För jubileumsåret har Moomin Characters bestämt sig för att vända fokus tillbaka på när allt började: För 80 år sedan, i slutet av andra världskriget när Tove Janssons första berättelse om Mumin publicerades.

För att vara lycklig måste du känna att du tillhör, men i Mumindalen behöver du inte passa in för att tillhöra. Varje karaktär välkomnas som de är och accepteras för vem de är.

For the anniversary year Moomin Characters have decided to turn their focus back on where it all began: 80 years ago, at the end of the Second World War when Tove Jansson's first story about the Moomins was published.

To be happy you have to feel you belong, but in Moominvalley you don't need to fit in to belong. Each character is welcome as they are and accepted for who they are.

Vem var Stig Lindberg?

Stig Lindberg var verksam under fyra decennier och anses vara en av Sveriges viktigaste och mest framstående formgivare.

Han var konstnär, designer och målare, illustratör och jobbade med material som keramik, glas och textil för att nämna några. Hans barnboksillustrationer från böckerna skrivna av Lennart Hellsing är lika omtyckta idag. Krakel Spektakel, Daniel Doppsko och Musikbussen för att nämna några.

Who was Stig Lindberg?

Stig Lindberg was active for four decades and is considered one of Sweden's most important and prominent designers.

He was an artist, designer, painter and illustrator and worked with materials such as ceramics, glass and textile to name a few. His children's book illustrations from the books written by Lennart Hellsing are just as popular today. Krakel Spektakel, Daniel Doppsko and Musikbussen to name a few.

MOOMIN[®]

by PLUTO DESIGN

När Tove Jansson under 1940-talet skapade Mumin var det oklart om böckerna var skrivna för barn eller vuxna. I dag vet vi att Mumins beundrarskara består av personer i alla åldrar, och de uppskattas inte bara som historier i böcker eller på film utan också som designföremål. Pluto har gjort sin tolkning av Mumin i en serie produkter.

When Tove Jansson during the 1940's created Moomin, it was unclear whether the books were written for children or adults. Today, we know that the fans of the Moomins are represented by people of all ages. The Moomins are not only appreciated as stories in books or on film, but also as design pieces. Pluto has made its own interpretation of the Moomins in a number of products.

Hållbarhet på Pluto

Vi strävar efter att vår affärsverksamhet ska kunna bedrivas på ett hållbart och etiskt sätt, med respekt för miljön, och med insikt om att vi har begränsade resurser och respekt för grundläggande mänskliga rättigheter.

I vår produktion jobbar vi med leverantörer som har ISO-certifikat och som jobbar etiskt med sina produktionsprocesser.

Majoriteten av våra produkter i tunnmetall är gjorda av 100% återvunnen metall.

Vi försöker ta bort så mycket plast som möjligt och mycket av den plasten vi måste ha kvar är 100% återvunnen. Många av våra pappersförpackningar har FSC-märkning.

We are Pluto Design

1996 började resan för Pluto Design i Göteborg. I år har vi designat present- och inredningsartiklar i 28 år, och resan fortsätter! Pluto Designs vision är att skapa designprodukter med bra kvalitet och smakfulla förpackningar till ett attraktivt pris!

Vi har blivit utvalda att samarbeta med globala licensvarumärken såsom ©Moomin Characters™, Miffy Nijntje ©Mercis bv och Stig L.™ All design vi skapar har "world wide license".

Under åren har vår kollektion framgångsrikt spridits över hela världen och återfinns idag i 35 länder!

In 1996 the journey began for Pluto in Gothenburg! Today we have designed interior details for 28 years, and the journey continues! Our vision is to create Scandinavian designproducts with good quality in great packaging to an attractive price!

We have been chosen to co-operate with global licensebrands as ©Moomin Characters™, Miffy Nijntje ©Mercis bv and Stig L.™. All products we make have "world wide license".

During the years our products have successfully spread across the world and are today represented in 35 countries worldwide.

Special design

Är ditt företag nyfiken på att designa en egen produkt? Vi erbjuder specialdesign på alla typer av produkter vi har i vårt sortiment.

Vår designavdelning hjälper er att ta fram en produkt med förpackning efter era önskemål.

Vid förfrågan maila:
pluto@plutodesign.com

Is your company curious about designing your own product? We offer special designs on all types of products that we have in our assortment.

Our design team will help you with the look on the product and packaging according to your wishes.

Sustainability at Pluto

We strive for our business operations to be conducted in a sustainable and ethical manner, with respect for the environment, and with the understanding that we have limited resources and respect for human rights.

In our production, we work with suppliers that have ISO certificates and who work ethically with their production processes.

The majority of our thin metal products are made of 100% recycled metal.

We try to remove as much plastic as possible and a lot of the plastic we have to keep is 100% recycled. Many of our paper packaging is FSC-labelled.
