

Highlights

MARKET HUTS & EVENT FURNITURE

OUR BESTSELLERS

They are as much a part of a Christmas market as hot mulled wine and delicious bratwurst: huts. Lovingly decorated and atmospherically lit, they create a unique atmosphere. Whether for the sale of food and drink or goods of any kind - we have the right huts for every purpose.

All huts are available in a rustic look as well as in color or half-timbered style. We offer our huts for rent and for sale, from single units to large quantities.

CLASSICS

MORE SPACE

In addition to the classic rustic market huts, we also offer significantly larger huts. For example, walk-in sales areas can be created that invite you to stroll around and browse. In addition, our large huts of over 60 m² can also be used to create cozy dining rooms with interior counters and plenty of space for seating and tables for social gatherings.

The main advantage of our modular design comes into play, especially with large huts or large numbers of units. The individual elements are easy to handle, can be stored efficiently and transported optimally.

SO FLEXIBLE
