# CHRISTMAS STORY

A traditional red and white Christmas theme with a folklore twist is the focus of this collection, characterized by intricate details. Most of the collection draws inspiration from folklore, featuring backgrounds with floral and bird patterns reminiscent of Eastern European or Scandi modern styles.

Additionally, the collection includes simple repeat patterns and accessories that can be incorporated into all decorations. By emphasizing a handmade look and incorporating appropriate "crafty" elements, this collection promises to deliver a Christmas narrative that resonates with all.
