

Sandra.

Sandra.

Welcome to our Autumn and Christmas brochure Christmas Time 2025, this time renamed the “Sandra”.

Perhaps you've already spoken to her; Sandra is the familiar face of our German customer service team. With her sparkling enthusiasm and keen eye for detail, she is the radiant heart of our team. She loves everything that comes with the holiday season – from twinkling lights to the joy of being together – though she's a little less fond of the cold. Sandra prefers to seek warmth indoors, making her the perfect namesake for this brochure!

In this edition, we proudly present two brand-new themes: Elegance Extravaganza and Ageless Winter. Two completely different atmospheres, yet each with its own timeless festive charm.

Like Sandra, let yourself be inspired by the warmth and magic of the holidays, and discover how our latest collection can give your autumn and winter a brilliant shine.

Warm regards,

Team Jodeco Glass

Elegance EXTRAVAGANZA

The result: a lavish, festive atmosphere that turns any space into a radiant centerpiece. Perfect for a Christmas presentation full of glamour and modern elegance.
