DONE RIGHT. FROM THE START.

As nail artists ourselves, we understand that nothing is more important than the tools of our craft and nothing is more challenging than product inconsistencies. It has been and always will be that quality is our #1 priority.

Gelish® was the first brush-in-bottle gel polish ever invented. The US and International patented formulation proves that fact.

The fact that millions and millions of bottles have been sold to—and reordered again and again by—thousands of salons is further proof. So, the fact is, the innovative Gelish® system, still the best on the market no matter who else followed, continues as the one most trusted by nail techs worldwide.

Our success is measured by your success. We are committed to you, the nail technician, to provide the best products, to share our knowledge through unprecedented education, therefore developing long lasting customer loyalty.

Danny Haile - CEO & Founder

THE GELISH® DIFFERENCE

What makes the patented Gelish® formula unique is unlike other brush-on gels, Gelish® applies like a polish for easier application, smoother flow, better product leveling for a streak free and more complete curing for longer, chip free wear.

CAP
Ergonomically designed cap fits comfortably in the hand for hours of strain free services.

BRUSH
Laser-cut domed bristle brush gives the smoothest application yet and provides better control near the cuticle. Increased bristle count, exclusively salon tested to pick up the ideal amount of product, ensures full coverage and streak-free application.

FORMULA
Better product flow for a perfect finish every time.

COLOR BAND
Hate searching for the right Gelish shade? With the shoulder color ring, find each shade easily within your drawer. Not to mention, the larger color dot on the shrink sleeve helps with on-shelf identification.

BOTTLE
Matches the Morgan Taylor® bottle to create a true family.

LARGER COLOR DOT
The larger color dot makes it even easier to identify shades on the shelf or in your drawer.

GENUINE GELISH PRODUCTS g CERTIFIED

fall in love with Gelish®

GELISH® IS THE GOLD STANDARD OF SOAK-OFF GEL POLISH.
It is and will always be the original soak-off gel polish and because of this it has become the trusted, go-to brand for nail technicians.

And now, the best is even better with an enhanced formulation for better stability, more accurate color, and improved product flow for an even easier, smoother laydown. The sleek Gelish® bottle provides better on-shelf and in-salon color designation with its larger color dot and color bar that can be seen from any angle. The custom brush provides for better control, feel, and a streak free application. This is the gold standard as you've never seen it before.
