The logo consists of the word 'SOFTWARE' in a bold, uppercase, sans-serif font, with 'SOLUTIONS' in a smaller, uppercase, sans-serif font directly below it. To the left of the text is a large, stylized orange 'S' that overlaps the 'O' in 'SOFTWARE'.

Software editor for the **Fragrances Industries**, LSI offers you a complete range of tailor-made solutions thanks to a perfect knowledge of your trade.

The fragrances market has reached full maturity and must adapt to different societal, technological and ecological norms. And what is its salvation? Innovation !

LSI Fragrances, an integrated ERP specialist management solution, allows you to manage in complete confidence and confidentiality the creative cycle of a perfume, while ensuring compliance with regulations and traceability requirements and keeping costs in check thanks to a high-performance technological tool.

LSI Fragrances meets all the needs of an SME/SMI with regard to Commercial Management (purchasing, sales, inventory), Client Relations and Production.

LSI Fragrances are natively compatible with main ERP systems on the market (SAGE SEM (X3), SAP...).
