ACTIVE OIL

ARGAN

EXOTIC MOROCCAN

Considered a world heritage by UNESCO since 1998, argan oil has been the beauty elixir of Berber women for centuries. An authentic hair ritual thanks to its amazing regenerative properties which regulate hydration and give health and vitality to the hair. It is considered to be the most expensive oil in the world because of its traditional production process, which is why it is known as liquid gold.

Considerado patrimonio mundial por la UNESCO desde 1998, el aceite de argán es el elixir de belleza de las mujeres bereberes desde hace siglos. Un auténtico ritual del cabello gracias a sus asombrosas propiedades regenerativas que regulan la hidratación y proporcionan salud y vitalidad al cabello. Está considerado el aceite más caro del mundo por su costoso proceso artesanal de producción, por eso se lo conoce como el oro líquido.

Inscrit au patrimoine mondial de l'UNESCO depuis 1998, l'huile d'argan est l'élixir de beauté des femmes berbères depuis des siècles. Un rituel authentique pour les cheveux grâce à ses incroyables propriétés régénératrices qui régulent l'hydratation et leur apportent santé et vitalité. L'huile d'argan est considérée comme l'huile la plus chère du monde en raison de son onéreux processus de production artisanale, c'est pour cela qu'elle est appelée Or liquide.

PHYTO KERATIN

PROFESSIONAL HAIR CARE

PHYTO KERATIN SYSTEM is a complex rich in amino acids of vegetal origin which reproduces the characteristics of the capillary keratin. Thanks to its biomimicry with the original compounds on the capillary fibre, it replaces the elements the hair lost due to damage and makes the hair recover its health.

PHYTO KERATIN SYSTEM es un complejo rico en Aminoácidos de origen vegetal, que reproduce las características de la queratina capilar. Gracias a su biomimetismo con los compuestos originarios de la fibra capilar, repone los elementos del cabello perdidos por su deterioro, recuperando las características de un cabello sano.

PHYTO KERATIN SYSTEM est un complexe riche en acides aminés d'origine végétale qui reproduit les caractéristiques de la kératine capillaire. Son biomimétisme avec les composants naturels de la fibre capillaire lui permet de reconstituer les composants éliminés par la détérioration des cheveux et de retrouver les caractéristiques d'une chevelure saine.
