

Lubrex: Pioneering Lubricant Solutions from the UAE

In the vibrant landscape of the United Arab Emirates, where innovation and quality set the pace, Lubrex emerges as the trailblazer in lubricant solutions. Established in 2005, Lubrex swiftly positioned itself as a premier supplier, driven by an unwavering commitment to excellence and customer satisfaction.

OUR JOURNEY OF GROWTH

The journey began in 2005 when Lubrex launched its first production plant in Hamriyah Free Zone, Sharjah, UAE. By 2007, the production capacity soared to 90 million liters per year. In 2015, the company expanded its storage facilities to cover 5600 square meters. Subsequent years saw significant advancements, including the integration of automatic batch blending and plastic packaging production lines in 2017,

followed by the integration of fully automated palletizing units in 2018. The momentum continued in 2022 with the inauguration of Lubrex’s first grease plant in Sharjah, alongside a boost in production capacity to 115 million liters per year.

QUALITY ASSURANCE AND INNOVATION

Lubrex employs cutting-edge automated blending systems and state-of-the-art machinery, ensuring precision and consistency in product delivery. By utilizing only the finest raw materials sourced globally, Lubrex guarantees products that adhere to the highest industry standards.

TAILORED SOLUTIONS FOR DIVERSE INDUSTRIES

Lubrex serves a wide range of industries, including automotive, industrial, construction, agriculture, and marine. With custom-blending services available, Lubrex ensures that each lubricant meets the unique requirements of its customers. Our experienced team of technical experts guides clients in selecting the right lubricant for their specific applications and provides ongoing support to optimize performance.

COMMITMENT TO SUSTAINABILITY

Beyond our commitment to quality, Lubrex is dedicated to environmental stewardship. Our products are formulated to meet the latest environmental regulations, and we continuously seek ways to minimize our environmental footprint. Recognized for our sustainable practices, Lubrex is committed to reducing waste and exploring opportunities for recycling and reuse within our operations.

LOOKING AHEAD

As we forge ahead, Lubrex remains steadfast in its commitment to innovation, quality, and sustainability. We envision a future where Lubrex continues to spearhead the lubricant industry by providing cutting-edge solutions that address the evolving needs of our customers while safeguarding the environment for future generations.

Join us on our journey toward excellence and sustainability with Lubrex, the foremost lubricant supplier from the UAE.

CONCLUSION

In conclusion, Lubrex stands as one of the examples of innovation and quality in the UAE lubricant industry, with a strategic location facilitating global reach. With over 700 products and distribution to more than 80 countries, Lubrex is poised to lead the way in providing tailored solutions while supporting sustainability and environmental responsibility.
