CHEMPOL

The Atlantic Group of Companies is a highly specialised, vertically integrated organisation with operations in 80 countries around the world. The group has two business divisions operating within Hamriyah Free Zone, Atlantic Grease & Lubricants FZC and Atlantic Heathline FZC.

Atlantic Grease & Lubricants manufactures and distributes OEM (original equipment manufacturer) approved lubricants. Its product range includes automotive lubricants, industrial, marine lubricants, grease, brake fluids, antifreeze coolants, lubricant additives, and car care products.

The company's products are ISO and API certified, with OEM approvals from Mercedes, Volvo, Porsche, Volkswagen, Renault, Caterpillar, MAN, and General Motors. It works closely with leading equipment manufacturers, giving it the insights and knowledge to develop and improve its products. It also offers after-sales technical support to its customers, which it delivers via a highly skilled and experienced team working with the latest equipment.

The company's second division, Atlantic Heathline FZC is a global household cleaning and personal hygiene company that manufactures personal care items, hygiene products, and household cleaning goods. Its product range includes hand sanitisers, hand soaps, disinfectant sprays, all-purpose cleaners, floor cleaners, glass cleaners, and dish washing liquids. In addition to sanitisation products, it also produces grooming items such as fragrances, perfumes and haircare products.

The company uses its high-tech and certified laboratories, as well as its years of expertise in the field of hygiene, to develop products in order to meet the increased demand for sterilisation and sanitisation goods in the UAE and around the world. Its merchandise meets the standards set by the World Health Organisation and the relevant authorities of the UAE, such as the Ministry of Health and Dubai Municipality.

Atlantic began its UAE venture with Atlantic Grease & Lubricants in 2001. It was the first division to establish an operation in Hamriyah Free Zone, thanks to its investor benefits. These included 100 per cent foreign ownership, exemption from easy import duties on raw materials, and the free zone's strategic location and proximity to a deep water port, which allowed the import of raw material in bulk.

ATLANTIC Grease & Lubricants develops, manufactures and supplies performance lubricants that are supported by a level of expertise that is unmatched in the industry. Our experience goes back decades and over that time we have built up a reputation as a supplier of leading lubricants. We also have a good reputation for in-depth industry expertise which we deploy to help our customers improve the productivity of their plants, increase the life of their equipment, improve efficiency, and reduce wear and tear.

By working closely with leading equipment manufacturers and the industry's best additive manufacturers, we gain inside knowledge of lubrication requirements which in turn helps us to develop and improve our products. We make lubricants and greases that deliver proven levels of performance, plus we back them up with an unrivalled level of support.

NEOTERIC ULTRA ENGINE OIL

API : SP, SN PLUS , ILSAC GF-6A,6B,
ACEA C3,GM dexos1 Gen 2
SAE : 0W-16,0W-20, 5W-20
5W-30,10W-30

SYNTHECH ENGINE OIL

API : SN,SN Plus ,SN/CJ-4,SN/CF,
ACEA : C3/C2/A5/B5, A3/B3
MB 229.51,229.5,229.3 , Porsche C30,VW 504,507
SAE : 0W-30,0W-40, 5W-20, 5W-40,10W-40

GREEN HYBRID ENGINE OIL

API : SP, SN,SM
Hybrid, Petrol /HONDA, TOYOTA,E10 Hybrid, E85
ACEA C3,C2, A5/B5, ILSAC GF-6B
SAE : 0W-8,0W-16,0W-20, 5W-20, 5W-30

TOP FLEET ENGINE OIL

API : CK-4, CJ-4, CI-4 PLUS, CI-4, CH-4 / SN
ACEA E4, E6, E7, E9, JASO DH-2
Volvo VDS 4.5, MB 228.31,228.52,228.3,CAT ECF 1A, ECF 3
SAE : 15w-40,10w-40, 5W-30, 5W-40, 5W-50

TURBO PLUS ENGINE OIL

API : CJ-4/CI-4, CH-4
ACEA -A3/B4, E7,E4,E5,E6, E9
Volvo VDS 4,VDS 3, MAN 3275
SAE : 10w-40,15w-40,20w50,20w60

2T & 4T ENGINE OIL

API : TC, JASO FD, ISO EG-D
SN, SM, SL, JASO MA, MA2, MB,MB2
Kawasaki, KTM, Moto Guzzi, Suzuki, V Moto,
Yamaha, Cagiva, Can-Am, Ducati, Honda & more

TRANSMISSION FLUID

ATF: DII ,DIII ,T IV, D V,D VI-HP, CVT ,DCT/DSG,
GEAR OIL : EP, GL-4,GL-5, MT-1 ,LS,

INDUSTRIAL OILS

Metal Working Fluids,Heat Transfer Fluids
Compressor , Hydraulic , Transformer ,
Turbine, Gas Engine & Other Industrial Oils

MARINE OILS

Marine Cylinder Oils, Marine System Oils,
Trunk Piston Engine Oils, Marinol Gen 4,
2&4-Cycle Outboard Oil, Marine Oil HD

AUTOMOTIVE SPECIALITIES

- Brake Fluids
- Flusing oil
- Antifreeze
- Coolants
- Oil Treatments & Fluid Additives

CAR CARE PRODUCTS

- Windscreen Cleaner Concentrate
- Hard Wax
- Leather And Tyre
- Wash And Shine

ATLANTIC HEALTH LINE

Atlantic Health Line FZC is a global household cleaning and personal hygiene products manufacturer with headquarters in Sharjah, UAE. In addition to sanitization products we also offer grooming products including, fragrances, perfumes and haircare products. Our primary operations include the production of hand sanitizers, including anti bacterial hand wash, hand sanitizer gels, refills for hand sanitizing dispensers, surface disinfectants, and other household disinfectant products.

P E R S O N A L C A R E

PERFUME & FRAGRANCES

Here's the perfect way to spoil yourself & your loved ones with the most exclusive fragrances. Your favorite fragrances and scents beautifully bottled, that doubtless deserve to be shown off.

HAND WASH SOLUTIONS

Gently exfoliate, cleanse & condition with our deep cleansing and gentle foaming hand soaps. Our specialty hand soaps are enriched with the best ingredients to soften and nourish your skin.

BODY WASH & SHOWER GEL

Silky, light and super moisturizing body wash & bubbly shower gel that refreshes, cleans and gets you ready to take on your day. Brilliant creamy formulation powered with natural skin-lightening complexes.

C L E A N I L E

DISHWASHING LIQUID SOAP

Dishwashing liquid soap you can always trust. Superior formula, cutting through grease instantly, leaving your dishes sparkling clean while keeping your hands soft and moisturized.

MULTI-PURPOSE CLEANERS & DEGREASERS

Powerful formula which immediately penetrates the dirt & guarantees an impeccably clean and shiny finish on every surface type including the most delicate ones.

FLOOR CLEANER

Unique formula which gives you a 4 in 1 multi-action cleaner, kills 99.9% of germs, removes stains, brightens surfaces and provides a long-lasting fragrance.

LIQUID HAND WASH

- ROSE
- OUD
- BAKHOOR
- LAVENDER
- GARDENIA
- JASMINE
- LAVENDER
- JASMINE
- CITRUS

PERFUMES:

- INDIGO
- SAPPHIRE
- HAZEL
- TWILIGHT
- SILVER FROST
- ROUGE
- VERTE
- ATLANTIC
- Dr. H "SEXY"
- Dr. H "ROMANCE"
- Dr. H "Confidence"

BODY WASH

- CITRUS GARDEN
- OUD
- SILK CHARM
- SPRING FEVER
- ORIENTAL GARDEN
- BAKHOOR BLISS

HOME CARE

- DISINFECTANT / SANITIZER SPRAY
- FLOOR CLEANER
- GLASS CLEANER
- ALL PURPOSE CLEANER
- DISH WASH

CAR CARE

- WIND SHIELD CLEANER
- ALLOY WHEEL CLEANER
- CAR WASH & SHINE

INDUSTRIAL CARE

- DEGREASER (LIGHT & HEAVY DUTY)

COASTAL ENERGY

REDUCE REUSE REPROCESS

COASTAL ENERGY

modeled on three core functions to source, refine, reprocess and trade base oil & petrochemical products. With the goal of bringing solutions to facilitate oil industry, Coastal Energy offers solutions to streamline the disposal of waste oils, a wide portfolio of quality products, as well as a range of support services to promote efficient operations for industry. Coastal Energy brings sustainable growth for the petroleum industry and the economy to create a thriving environment for everyone. Join us, and let's create a greener, better future together.

TECHNOLOGY & SUSTAINABILITY

With a state-of-the-art petrochemical complex, all the waste oils we receive undergo rigorous reprocessing through a series of highly advanced methods. Our process involves:

- De-hydration
- De-metallization, De-salting
- Distillation – Vacuum and Extractive
- Solvent Extraction
- Hydrocracking

ENVIRONMENTAL & ZERO WASTE PERSPECTIVE

At Coastal Energy, we believe that being environmentally responsible not only benefits the environment but also sustainable growth of the industry. The drive towards ZERO WASTE generation is at the heart of all our operations. We have state-of-the-art pollution control facilities, including waste-water treatment, air-emission controls and minimum flaring from chimneys. Air emission parameters are monitored on a real-time basis with local authorities for ongoing verification.

RESEARCH & DEVELOPMENT

Our in-house R&D is dedicated to continuous improvement and bringing the most optimal solutions to our clients. Our research has led to initiatives such as:

- A pilot plant & lab with the latest equipment to facilitate maximizing yield from feedstock
- Delivering standard-setting results in drilling fluids chemicals technology
- High performance mud systems to save time and energy in challenging conditions, including down-hole conditions.

OUR PRODUCTS

Coastal Energy products form a strong base for further development in the petrochemical industry & offered a wide range of product portfolio for petrochemical companies. Some of our products include:

BASE OIL

Group I (SN 70, SN 150, SN 300, SN 500, SN 900 & Bright Stock)

Group II (N 70, N 150, N 230, N 500 & N 600)

Group III (4Cst, 6Cst, 8Cst)

- PAO & Ester
- Naphthenic Base Oil
- Aromatics & Various Solvents
- Fuel Oil
- Residue & Furnace oil

ATLANTIC GREASE

LITHIUM COMPLEX GREASE

is an extended service lithium complex grease intended for a wide variety of applications and severe operating conditions. These greases were designed to outperform conventional products by applying cutting edge, proprietary, lithium complex manufacturing technology. They are formulated to provide excellent high temperature performance with superb adhesion, structural stability and resistance to water contamination. These greases have a high level of chemical stability and offer excellent protection against rust and corrosion. These greases feature high dropping points and maximum recommended operating temperature of 180° C.

LITHIUM GREASE

ATLANTIC MULTIPURPOSE GREASE is a high quality, lithium hydroxy stearate grease, with oxidation and corrosion inhibitors, which help to ensure long service life of the grease and a high level of protection for ferrous surfaces. It is recommended for all grease lubricated parts in automotive applications.

CALCIUM GREASE

ATLANTIC CALCIUM GREASE grease offering excellent water resistance. The selective base oils give an excellent film protection from rust and corrosion to keep the lubrication to the metal surface.

MOLY GREASE

Atlantic Moly Grease is multipurpose extreme pressure lithium hydroxy stearate grease incorporating molybdenum disulphide.

These greases are recommended for leaf springs, hydraulic rams, plungers, slides, elevator cables, pantograph pans, steel wire ropes and certain anti-seize purpose. These greases can be used at higher temperatures of upto 180°C for short duration or with frequent replacement. Continuous operating temperature range for these greases: -20 to 130°C

GRAPHITE GREASE

ATLANTIC GRAPHITE GREASE is multipurpose extreme pressure lithium hydroxy stearate grease incorporating micronized Graphite Powder. These greases are recommended for leaf springs, hydraulic rams, plungers, slides, elevator cables, pantograph pans, steel wire ropes and certain anti-seize purpose. These greases can be used at higher temperatures of upto 180 °C for short duration or with frequent replacement. Continuous operating temperature range for these greases: -20 to 130 °C

WIRE ROPE SAFE 00 GREASE

ATLANTIC WIRE ROPE SAFE GREASE 00 is a heavy duty extreme pressure grease, pre-eminently designed for the lubrication of industrial bearings working under high temperatures and high loads in the steel industry. It is also suitable as EP multi-purpose grease, in various other industrial applications where water is in frequent contact with the grease. Always avoid contamination of the grease by dust and/or dirt when applying.

BARIUM COMPELX GREASE

ATLANTIC BARIUM COMPLEX GREASE is a high quality, BARIUM complex grease having high water tolerance and mechanical stability, combined with excellent high temperature performance. These are ideally suited for application by centralized grease systems due to good resistance to oil separation under pressure mechanical stability.

GEAR COMPOUND HEAVY GREASE

ATLANTIC GEAR COMPOUND HEAVY is a non-solvent containing grease for the lubrication of open gears and bearings. This premium quality grease is manufactured with a high quality Lithium Hydroxystearate soap and blended with very high viscosity paraffinic base stocks. ATLANTIC GEAR COMPOUND HEAVY grease contains extreme pressure, antioxidant, antirust, molybdenum disulfide and graphite additives, and is polymer-fortified.

NON DROP GREASE

ATLANTIC NON DROP GREASE is a high-quality, high temperature, extreme pressure, clay-thickened grease developed for the lubrication of industrial equipment operating under heavy loads and at high temperatures. It is particularly recommended for medium-to-large, low-speed bearings operating at very high temperatures where conventional soap-based greases typically fail to provide satisfactory lubrication.

SILICONE GREASE

Silicone Grease: The product has a broad temperature range and is chemically inert, being resistant to; Water (Hot, Cold, Steam & brine), Lubricating Oils, Most Hydrocarbons & Solvents, Natural Gas, Refinery Gases & Condensate and many Acidic Solutions. As well, it is usable in many environments due to its high resistance and stability with respect to extreme cold, heat, humidity, and other exposure extreme exposure conditions like high voltages. Voltage arcing can be prevented due to its excellent dielectric properties. Further, because it repels water, it provides excellent oxidation resistance for contacts and relays. Lubricant of choice when petroleum oil is not suitable or recommended.

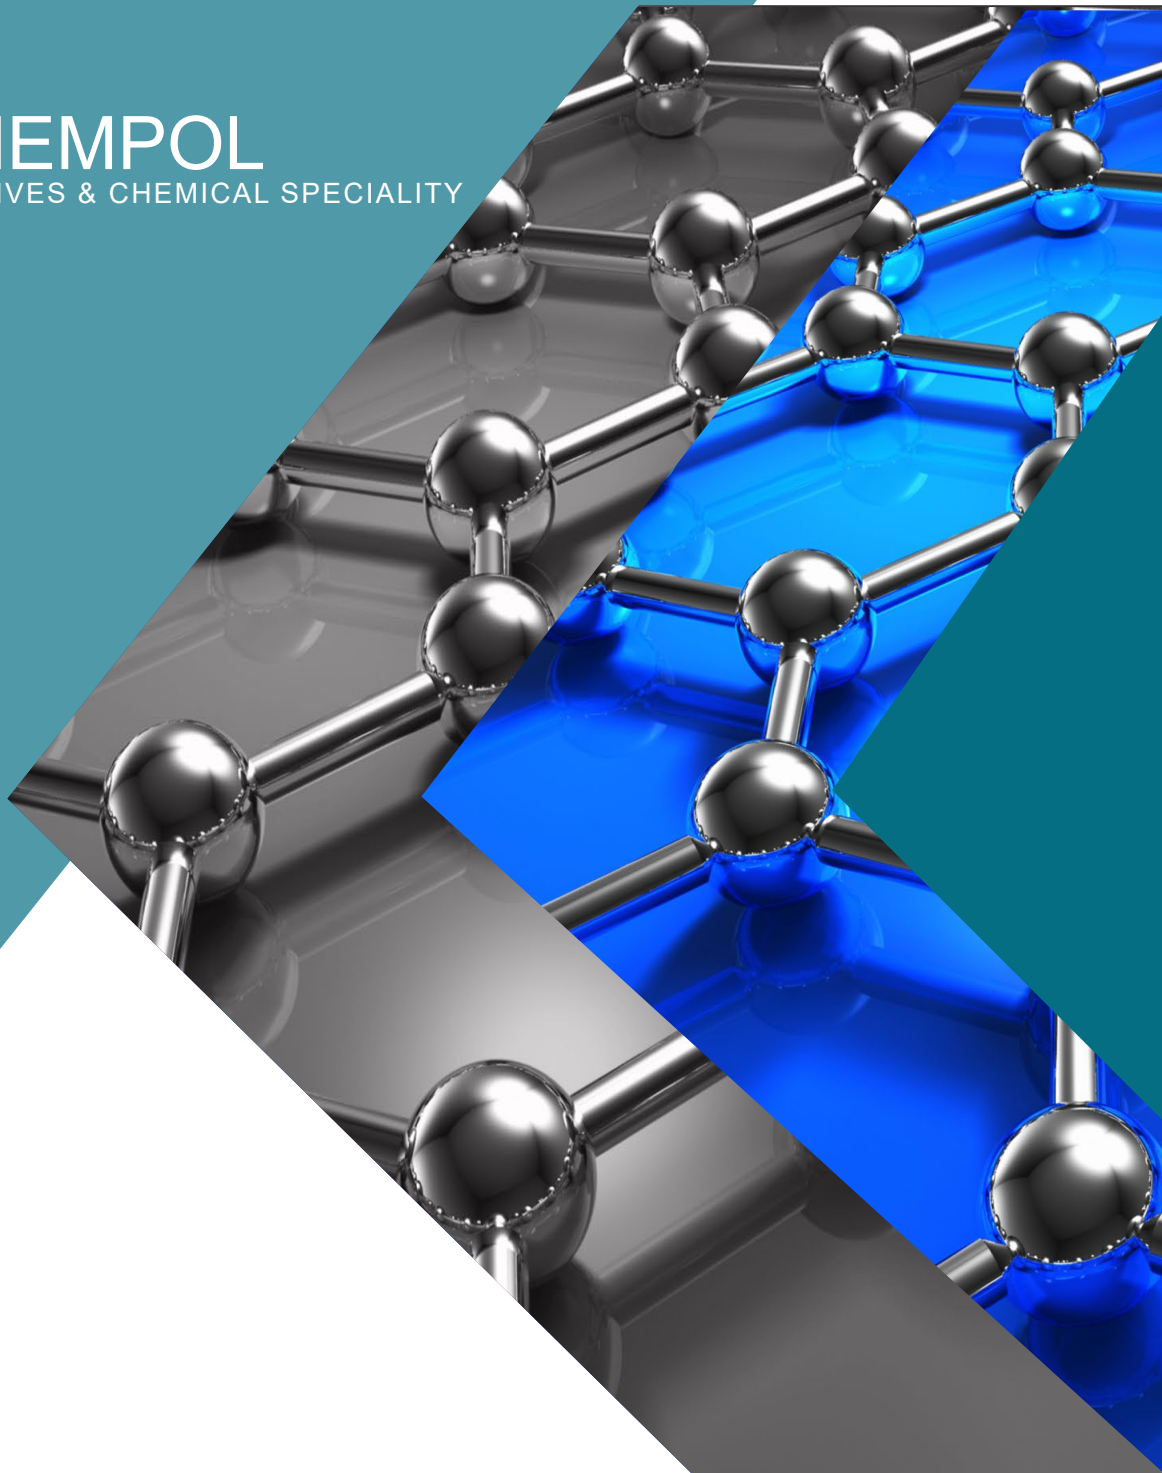

TYPES OF GREASES

- LITHIUM GREASE
- CALCIUM GREASE
- LITHIUM COMPLEX GREASE
- MOLY GREASE
- NON DROP GREASE(HT)
- GRAPHITE GREASE
- WIRE ROPE SAFE 00 GREASE
- BARIUM COMPLEX GREASE
- LITHIUM CALCIUM GREASE
- SILICONE GREASE
- HIGH TEMPERATURE GREASE

CHEMPOL
ADDITIVES & CHEMICAL SPECIALITY

CHEMPOL

ADDITIVES & CHEMICAL SPECIALITY

Chempol Additives & Chemical Speciality is a leading petrochemical organization .Specializing in the latest formulations & manufacturing of Additives, As your trusted supplier for speciality chemicals and additives, we are confident in our abilities to meet all of your unique business needs. We firmly believe that a collaboration will be highly beneficial to both our companies.

ABOUT US

At Chempol, we manufacture and supply high-performance, tested quality & cost-effective products that are supported by a high level of expertise. Our exporting capabilities extend to over 30+ countries worldwide and we are always on the lookout for pioneering organizations to partner with us for mutual growth. We realize that Intelligent Chemistry is essential for the sustainability of our planet. The new-age molecules that we develop our business around, are designed to lower energy consumption & reduce emissions.

EXPLORE OUR PRODUCTS

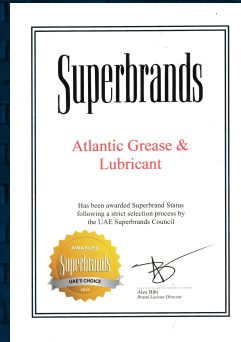

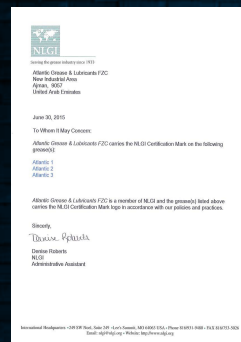

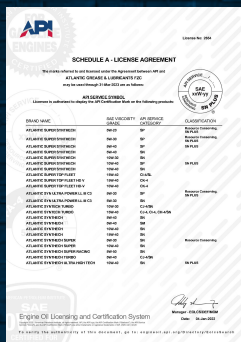

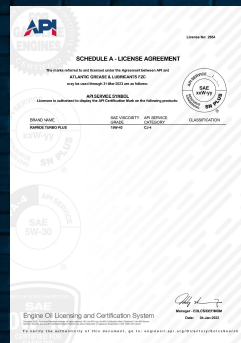

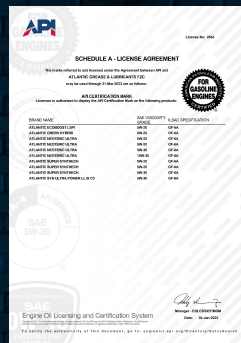

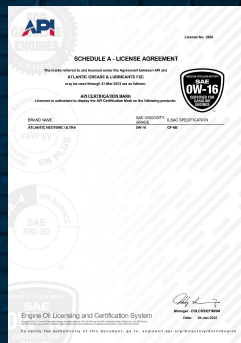

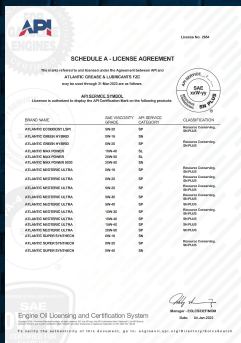

- Viscosity Index Improvers & Polymers
- Engine oil additives
- Transmission, Anti-wear, Hydraulic additives & Components
- Grease Additives
- Marine Oil Additives
- Speciality Chemicals
- Glycols (MEG, DEG, TEG, BTG, PG) & Dyes
- Emulsifiers and Tackifier Adhesives
- Polyisobutylene(PIB)
