ATLANTIC LUBRICANTS

ATLANTIC Grease & Lubricants develops, manufactures and supplies performance lubricants that are supported by a level of expertise that is unmatched in the industry. Our experience goes back decades and over that time we have built up a reputation as a supplier of leading lubricants. We also have a good reputation for in-depth industry expertise which we deploy to help our customers improve the productivity of their plants, increase the life of their equipment, improve efficiency, and reduce wear and tear.

By working closely with leading equipment manufacturers and the industry's best additive manufacturers, we gain inside knowledge of lubrication requirements which in turn helps us to develop and improve our products. We make lubricants and greases that deliver proven levels of performance, plus we back them up with an unrivalled level of support.

KEY FACTS

7 International certifications and accreditations

21+ International approvals from Engine manufacturers globally

2005 Operations established in HFZA
