# ABOUT THE COMPANY

Journey of Panther Tyres Limited started in 1983. The company was founded with a spirit to provide society “better means to move forward”. Over the period, It has evolved to become one of the leading manufacturers and suppliers of Tyres, Tubes, Lubricants and Spare Parts in Pakistan. Panther Tyre’s wide range of Products, Superior Quality, Reliable After-Sales Services and competitive Prices have established an excellent reputation amongst a diverse customer and consumer base. For almost 40 years, the company has focused on leveraging these assets to deliver solutions that have built and strengthened relationship with the customers. Today, Panther tyres’ state of art facility is one of the country’s most sophisticated manufacturing unit, dedicated to the production of full range of quality tyres and tubes.

# ACHIEVEMENTS

The first Pakistani Tyre's company to be awarded with the ISO 9001 Certification.

Accreditation from FPCCI, in the form of Export Trophy Awards.

Awarded with Brand of the Year Award for 8 consecutive years.

Awarded with Consumer Choice Awards.

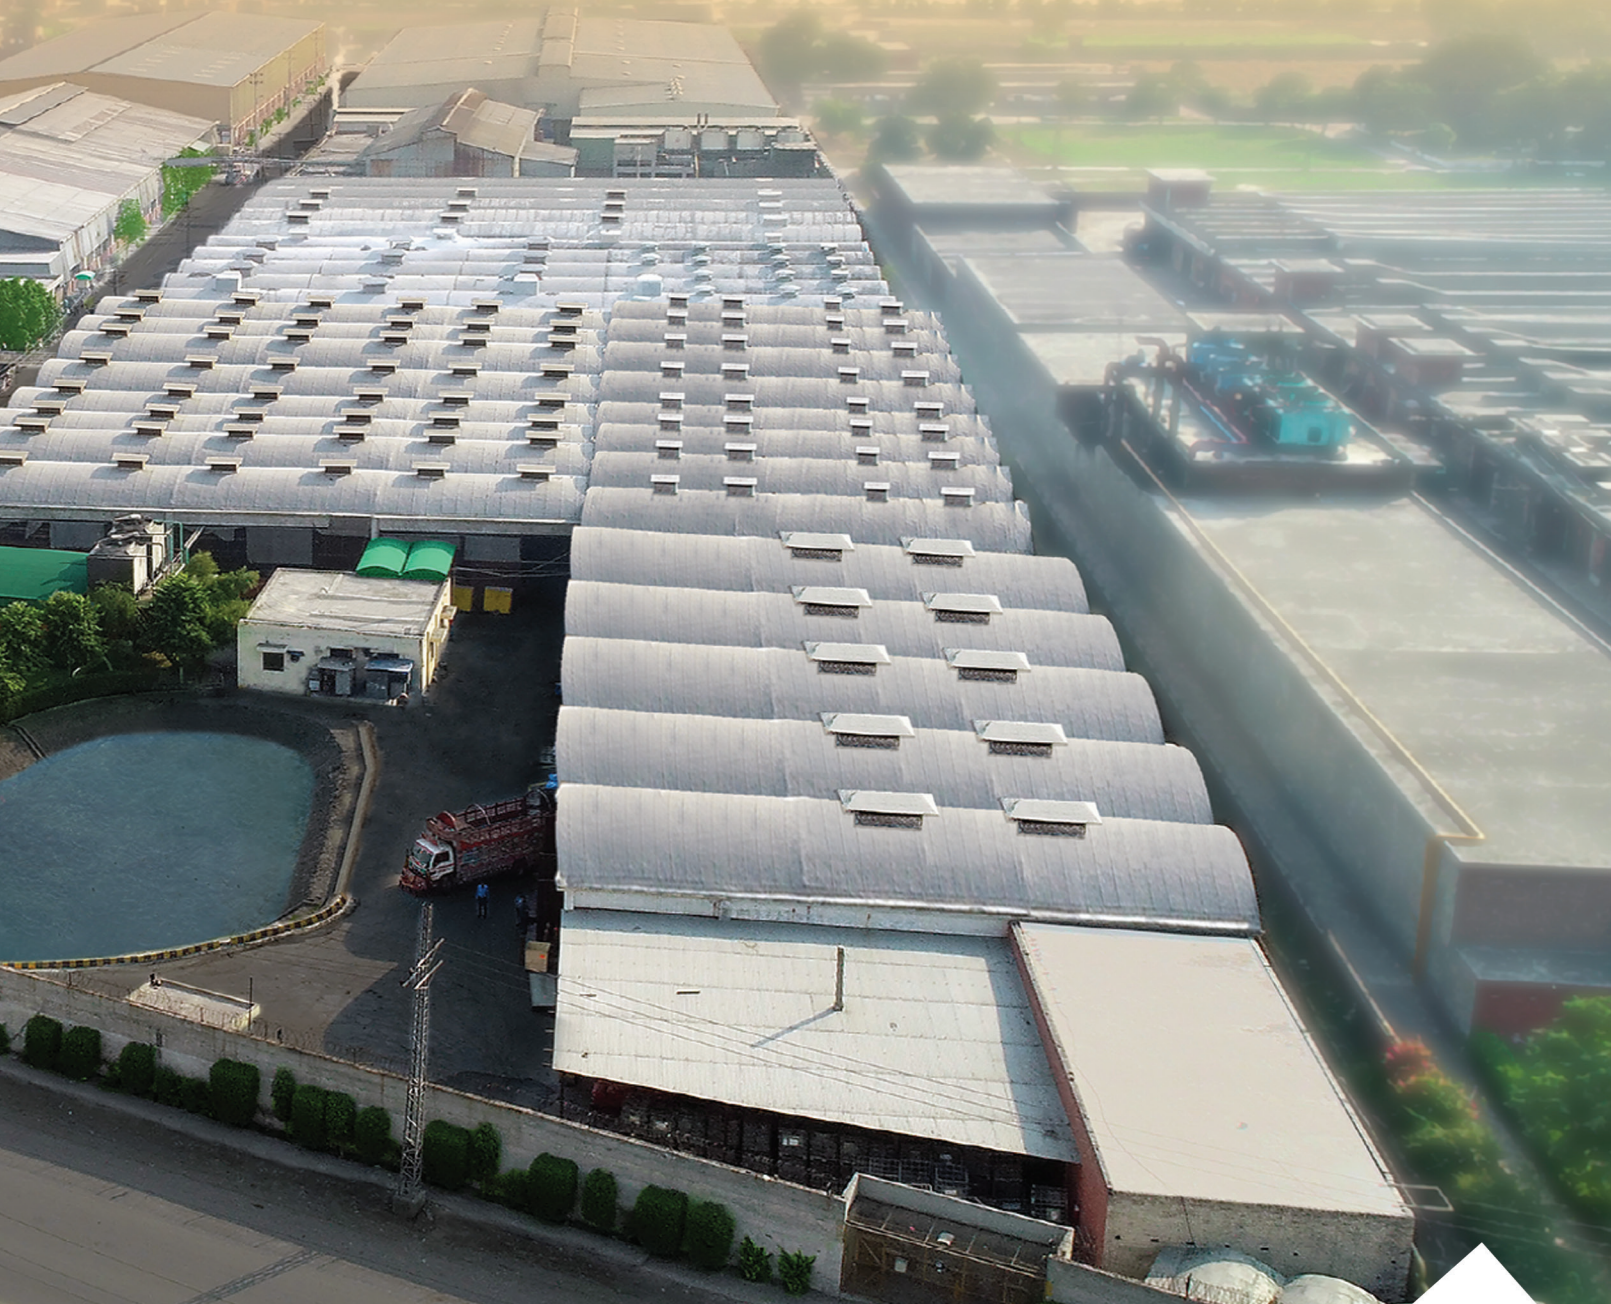

E-Mark Certified Brands.

South American Trading Certified.

## INTERNATIONAL MARKETS

Over the years we have developed a sound reputation in a variety of International markets. Our Export team works exclusively to search for and satisfy the needs of international customers. Panther tyres are regularly exported to **Asian, Middle East, African, and European Markets.**

# EARTH MOVER / OTR TYRES

## EXCELLENT LOAD BEARING

Panther Earth Mover / OTR tyres have excellent load bearing due to reinforced tyre structure, high quality rubber and strong bead wire. These tyres have wider contact area which makes it suitable for construction and mining vehicles. The carcass (basic structure) is robust for greater load-bearing and durability as it provides buffer for maximum load and performance.

## SIKANDAR (L5)

**Sizes**

23.5-25

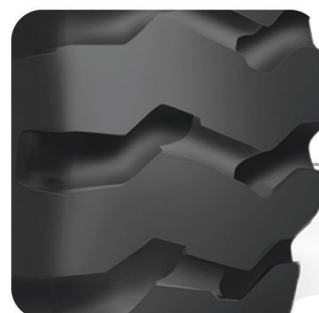

**Ply Rating**

24

Sikandar is a Heavy-duty Earth mover tyre with reinforced sidewalls, special compound with extra deep treads for maximum pressure bearing, cut resistance on tough terrains and delivers optimum performance with longer life.

## MARSHAL (E3/L3)

**Sizes**

23.5-25

**Ply Rating**

24

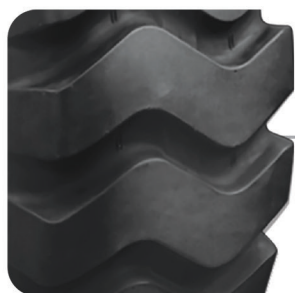

Marshal has heavy reinforced lugs and is made of cut-resistant tread compound. Its heavy sidewalls make it robust resulting in increased performance and durability.

## ALPHA (E3/L3)

**Sizes**

20.5-25

**Ply Rating**

20

A Vitally engineered Earth Mover tyre, offering a wider contact area for better tread wear along with a specific design for construction and mining vehicles.

## TITAN

**Sizes**

14.00-24

**Ply Rating**

20

A specially designed non-directional tyre formulated with a special tread compound for resistance against cuts and longer tread life. It is suitable for loader and haulage operations as well as backhoe loaders and cranes.
