## What are OEM parts?

OEM or Original Equipment Manufacturer parts are made by the same company that your vehicle's manufacturer gets their parts from.

### BENEFITS:

- ✓ Ease of matching. OEM parts use the same part as the ones you're replacing. Like-for-like.
- ✓ Ideal for extended use.

## What are Aftermarket parts?

Aftermarket parts are replacement parts. At Scantruck, we test the quality of our the aftermarket brands extensively through our workshop and distribute only those that have met our quality standards.

### BENEFITS:

- ✓ Greater cost savings.
- ✓ Ideal for urgent replacement needs.
