

Caterpillar's revolutionary equipment and world-changing technologies don't just shape our cities, they pave the roads that connect them.

In every corner of the world, Caterpillar is a symbol of power. Risk-taking, history-making, earth-shaking power. And with that power comes an attitude

That's why we license Caterpillar's name. And that's why our earthmovers wear the black and yellow logo with pride. These individuals embody the equipment's boldness, authenticity, and innovation with every step they take.

Each season we defy limitations and exceed expectations, designing powerful product that surpasses our diverse earthmovers' needs and desires. When we sell a pair that doesn't back down. of shoes, we're not just selling the attitude of the equipment, we're powering our bold earthmovers with the strength of a bulldozer.

BACKED BY THE STRENGTH OF WOLVERINE WORLDWIDE.

- Wolverine Worldwide is the third largest footwear manufacturer in the world.
- Wolverine Worldwide has a diverse portfolio of 14 brands: Merrell, Sperry Top-Sider, Hush Puppies, Saucony, Wolverine, Wolverine Leathers, Keds, Cat, Stride Rite, Chaco, Bates, Hytest, Soft Style, Harley-Davidson.
- Wolverine Worldwide distributes more than 100 million units of footwear and apparel in 200 countries.

INDUSTRY LEADING FOOTWEAR.

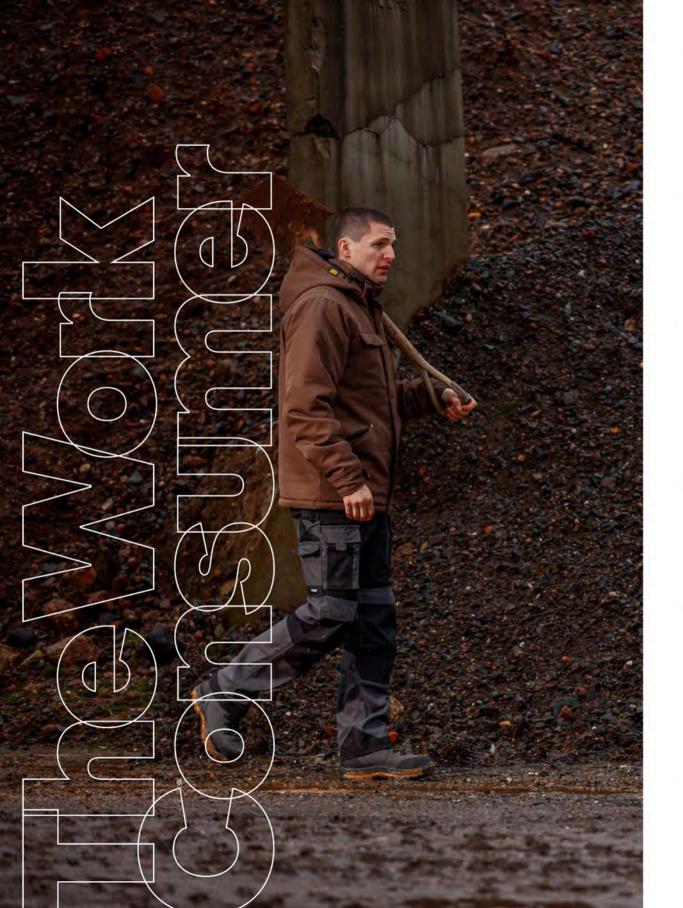

- Hugely experienced. +100 million pairs of footwear supplied to consumers across 150 countries.
- Trailblazing technologies that address the most challenging industrial environments on earth.
- Globally recognised as delivering exceptional value through enhanced durability and performance.

CATERPILLAR: GLOBAL BRAND POWER

- 3+ million Caterpillar products at work around the world.
- \$53.8 billion in sales and revenues for 2019.
- World's leading manufacturer of construction and mining equipment, diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives.

CONSUMER CONECTION

- Market leading brand, associated with ruggedness, toughness and durability.
- Trusted by veteran workers, while connecting with a new generation through product solutions that meet their individual needs and preferences.

CATALOGUE ICONOGRAPHY

EASE is a lightweight, custom engineered foam, proprietary to Cat Footwear, Compared to regular EVA and foam, EASE provides:

- · 30% greater longevity by taking 30% less compression it won't break down or compress
- 30% more energy return giving you more bounce back
- · Lightweight comfort 10-15% lighter

Athletic inspired design, construction and engineering. ERGOlite is made for the worker who is required to wear safety footwear, but wants anything but.

Powered by DUOFUSE™: Our custom engineered midsole blends rubber & foam for more comfort, less weight and trusted durability. With 40% more resilience and 30% more abrasion resistance than standard EVA it will stay comfortable while holding up to the daily beating they're going to receive.

Powered by SRX: our extreme slip resistant compound maximizes grip and traction to exceed global industry standards.

Faster, Thinner, Stronger, Nano Toe is a non metallic approved safety toe that is 40% lighter than steel and 15% lighter than composite toes, providing more space and comfort for your toes without sacrificing any protection.

iTechnology combines the durability of a Goodyear Welt with an athletic cup heel for athletic shoe comfort.

Cat Footwear manufactures premium, safety footwear symbolizing a 100-year connection Caterpillar has to tough, honest work. Our safety footwear collection includes a variety of comfort, durability, safety and technology features intended to keep workers protected and comfortable in the harshest of conditions.

Our safety footwear is tested to meet and exceed strict EU standards from authorized testing facilities such as SATRA and receives certification in one of the following categories:

EN ISO 20345:2011

SAFETY FOOTWEAR CLASSIFICATION

SB

Footwear includes an internal steel toecap tested to 200-joule compression

S1 P

Footwear includes an internal steel toecap tested to 200-joule compression and anti-static properties of electrical resistance no greater than 100k Mega ohms and steel midsole plate for nail penetration resistance of sole at no less than 1100 N

REFERENCE CHART

Footwear includes an internal steel toecap tested to 200-joule compression, water resistant leather and steel midsole plate for nail penetration resistance of sole at no less than 1100 N

SB P

Footwear includes an internal steel toecap tested to 200-joule compression and steel midsole plate for nail penetration resistance of sole at no less than 1100 N

CAT® WORKWEAR

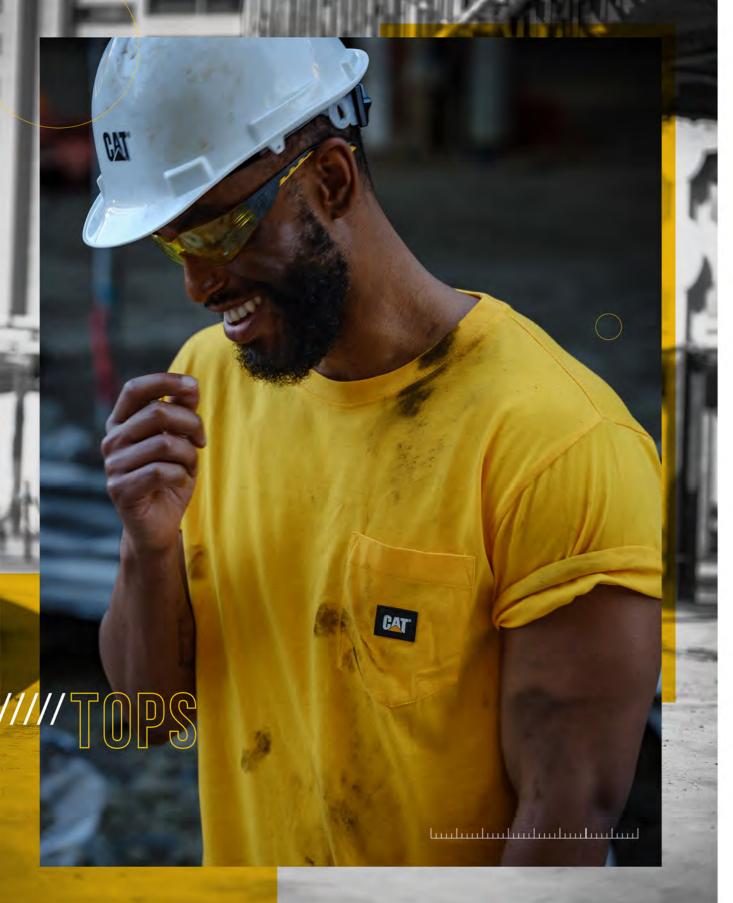

WORKWEAR THAT DOES THE WORK

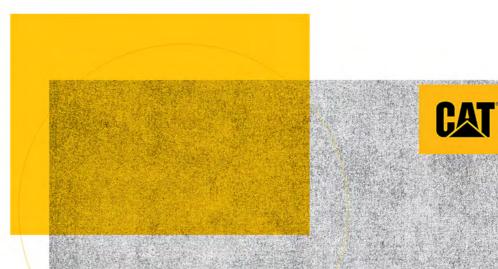

For over 100 years, Caterpillar Inc. has been making sustainable progress possible and will continue to succeed in the future. Defined by its integrity, excellence, teamwork, commitment and sustainability, Caterpillar has used these values to succeed in the past and will continue success in the future.

Cat® Workwear incorporates these values and redefines them for the modern worker's on the job demands with lasting performance, unparalleled quality and technical innovation. We take the industry-wide standards of safety and durability and improve them with increased comfort, improved fit and innovative technological engineering.

Our workwear is technical and designed to meet all your needs head on, in all conditions and situations. Whether on or off the job site, Cat workwear will perform when you need it the most. With a heritage like ours, you know we mean business.

TOP TO BOTTOM

From top to bottom, CAT Workwear has you covered. Pair a work-friendly flannel or a hoodie with your go-to work pants for a fully functional job kit. We make great tops in tough, yet comfortable materials you can truly appreciate at the start, middle and end of every workday.

BOTTOMS

CAT Workwear is known for making the best work pants in the industry. As a global leader in men's work pants, we are bringing years of experience and all the top features and function of our best-selling styles to the front line. Our goal is to offer a work pant fit for every worker, for every job — whether it's a pant with a built-in toolbelt to carry everything on the job, a twill trouser for running the warehouse, or a stretch canvas for comfort and function. Whatever the the task, it's CAT Pants that are ready to work.

HI-VIS EN ISO CERTIFIED WORKWEAR

HI-VISIBILITY CERTIFICATIONS DEFINED

The EN ISO Standard for High-Visibility Safety Apparel and Accessories is a voluntary standard with guidelines that provide practical instruction regarding both reflective material and garment design to enhance worker visibility. EN ISO presents performance classes of garments and identifies garment types based on expected use settings and work activities being performed.

SI-VIS

EN ISO

HI-VIS EN ISO CERTIFIED WORKWEAR

HI-VISIBILITY CERTIFICATIONS DEFINED

ISO 20471:2013 specifies requirements for high visibility clothing which is capable of visually signalling the user's presence. The high visibility clothing is intended to provide conspicuity of the wearer in any light condition when viewed by operators of vehicles or other mechanized equipment during daylight conditions and under illumination of headlights in the dark.

Performance requirements are included for colour and retroreflection as well as for the minimum areas and for the placement of the materials in protective clothing.

EN ISO 20471

Clothing certified according to EN ISO 20471 provides the wearer with visibility in dangerous situations under all lighting conditions during the day and in the illumination from vehicle headlights in the dark. High requirements are set for the fabric's luminance and reflection. The garments are classified based on the area of visible material.

CAT® Workwear incorporates these attributes and redefines them for the modern worker's wardrobe

CAT® Workwear gets the job done.

Premium Deerskin

Premium deerskin palm with double stitched index finger. Padded palm and wing thumb patch for anti-vibration protection and extended wear. Polyester/spandex back and shirred elastic wrist.

Sizes: M, L & J

Premium Deerskin Half-Finger

Padded palm for impact and anti-vibration protection.
Polyester/spandex back for exceptional comfort and flexibility. Wing thumb and shirred elastic wrist provide a snug fit.

Sizes: M, L & J

Black Lined Nylon Coated Palm

Nylon shell with acrylic lining and nitrile coated palm & fingers provides protection from cuts & abrasions as well as good grip in wet conditions. Adjustable hook & loop wrist closure.

Sizes: M, L & J

Yellow Nylon Nitrile Coated Palm

Foam cell nitrile coated palm & fingers provides exceptional grip in wet environments as well as protection from cuts and abrasions. Nylon shell for conforming fit and adjustable wrist closure.

Sizes: M, L & J

Camo Cotton Jersey

Camouflage unlined breathable cotton jersey with PVC dotted palm. Provides comfort, improved grip and extended wear. Knit wrist keeps out loose debris while providing a secure fit. Size: L

CATO 17410)
LINED

Lined Black Latex Palm w/ Cat® Diesel Power Logo

Acrylic with brushed lining. Fully coated latex palm and fingers helps protect against cuts, abrasions and punctures. Provides a snug flexible fit with an excellent grip.

Sizes: M, L & J

- Textured latex palm dip
- Brushed acrylic lining
- Knit wrist

NYLON WITH DIPPED & DOTTED PALM

- BREATHABLE NYLON SHELL
- NITRILE DIPPED & DOTTED PALM & FINGERS
- KNIT WRIST SEALS OUT DIRT & DEBRIS SIZES AVAILABLE: M-2X

High Impact with Synthetic Palm

Synthetic leather palm with padded, hi-vis back and reflective knuckle strap. Molded-knuckle impact protection and adjustable wrist closure.

Sizes: L, X, 2X & 3X

High Impact with Reinforced Palm

Synthetic leather palm with patches in high-wear areas. Padded, hi-vis back and reflective knuckle strap. Molded-knuckle impact protection and an adjustable hook and loop wrist strap.

Sizes: L, X, 2X & 3X

CATO12213

Multi-Purpose Utility

Water resistant synthetic leather polyurethane/nylon palm. Reinforced thumb for extended wear. Spandex back for exceptional fit and comfort with adjustable wrist strap. Sizes: M, L & J

Neoprene Padded Palm Utility

Padded in high wear areas for increased protection. Water resistant synthetic palm. Reinforced thumb for extended wear. Neoprene back for added fit and protection. Silicone finger tips for better grip and adjustable wrist strap for secure fit.

Sizes: M, L & J

High-Visibility Padded Palm Utility

Synthetic leather polyurethane/nylon palm, padded in high wear areas. Fluorescent green polyester/spandex back and reflective tape on knuckle and fingertips for added visibility in low light situations. Adjustable wrist strap for secure fit.

Sizes: M, L & J

Premium Goatskin

Premium goatskin palm with double stitched index finger. Padded palm and wing thumb patch for anti-vibration and extended wear.

Polyester/spandex back and shirred elastic wrist.

Sizes: M, L & J

Padded Palm Utility

Synthetic palm with PVC reinforced palm, fingers and knuckles. Water resistant rubber and nylon back with high visibility reflective piping. Wrap around wrist strap for a secure fit.

Sizes: M, L & J

High Impact Synthetic Palm with Silicone GripSynthetic leather palm with silicone grip. Molded-knuckle impact protection and adjustable wrist closure.

Sizes: M, L & X

Open Cuff Fleece Lined Jersey

Yellow fleece lined jersey with gunn cut design and open cuff for easy on/off access. Dotted PVC palm and fingers for increased grip and longevity.

Size: L

Breathable Cotton Jersey

Unlined breathable cotton jersey with micro dot palm. Micro dot palm helps to improve grip while knit wrist helps keep out dirt and debris and offers a secure, comfortable fit. Size: L

Premium Grain Leather Palm

Premium grain leather palm with leather index finger, fingertips and knuckle strap for durability and protection. Gunn cut design with wing thumb for mobility and comfort. Jersey lined with a breathable yellow cotton back, shirred elastic wrist and rubberized safety cuff. Size: L

Fluorescent Green Latex Coated Palm

Extra heavy brushed acrylic fluorescent string knit to withstand cold temperatures and black textured latex coated palm & fingers.
Adjustable hook & loop wrist closure.

Sizes: M, L & J

High Impact Synthetic Palm with Neoprene Cuff Synthetic leather palm with PVC dots. Padded, hi-vis back reflective knuckle strap and molded-knuckle impact protection. Sewn with cut and heat resistant Kevlar® thread, and laminated rubber/nylon cuff.

Sizes: L, X, 2X & 3X

CAT® Hard Hat - Yellow, Vented

Material:

ABS Plastic

Product features:

- » ANSI Approved and CE certified
- >> Impact absorbent ABS shell with transparent brim
- >>> Transparent brim design offers user a wider visible area
- Slotted sides to accommodate use of accessories
- 39 4 point ratcheting suspension for shock absorption

Hard Hat

ANSI approved, CE certified head protection. Impact absorbent polypropylene shell with Cat® logo. Ratcheting, adjustable suspension assures a snug fit for almost any size, along with an adjustable/removable chin strap for a secure fit.

TACTICAL LIGHTS

RECHARGEABLE FOCUSING TACTICAL LIGHTS

The Rechargeable **Focusing Tactical** Lights offer our unique dimmable switch lighting feature which allows the user to set the light intensity to their desired level. Adjust the beam for long distance or broad area coverage with the focusing feature. A universal USB charge cord is included with each light and the battery level indicator lights provide a quick way to check charge status. These lights also offer the convenience of outbound USB charging of other devices.

FEATURES

- . Unique Dimming Feature
- Inbound & Outbound USB Charging
- USB Charge Cord Included
- Battery Charge Level Indicator
- Protected USB Charge Port
- · Limited Lifetime Warranty

The CT6510 Utility Light boasts a 100 lumen top light that works great as a hand-held flashlight. The body extends, transforming into a 200 lumen lantern to easily illuminate a large area. It provides up to 15 hours of run time on 4

AA batteries (included). The base is magnetic

and contains recessed hooks for easy and versatile hands-free use. Perfect for work and play, this compact and convenient light fits into a toolbox, backpack, or glove box—always there when you need it.

FEATURES

- Dual Function: Beam & Lantern
- · Magnetic Base
- Extends Into Lantern
- · Recessed Hooks
- 1 Year Limited Warranty

WORK LIGHTS

Compact and powerful, the CT3540/3545 LED work lights with COB technology provide maximum light output of 500 lumens. The adjustable handle doubles as a stand so it can be easily angled at the right position. Mount the light to any ferrous surface with the strong back magnet for reliable hands-free use in many situations. Small and compact, these lights are easily stored in a drawer, console, or toolbox. The CT3540 includes 4 AA batteries and the CT3545 includes a micro-USB charging cable.

FEATURES

- Magnetic Back
- · Ratcheting Handle/Stand
- · Bumper Guards

CAT

TECH FEATURES

WATERPROOF

A combination of waterproof fabrics and seam taped construction for ultimate protection in wet conditions.

WATER REPELLENT

Fabrics treated to repel water, creating a barrier between you and moisture.

WATER RESISTANT

Fabrics treated to resist water, creating a barrier between you and moisture.

WINDPROOF

Advanced fabric that stops wind from penetrating the material, keeping you warm in a wide range of weather conditions.

WIND RESISTANT

Reduces wind chill in breezy weather, while still allowing for breathability and comfort.

SEAM TAPED

Application of seam tape to all stitch lines ensuring an air tight seal between you and the elements, while also adding strength and longevity to your apparel.

BREATHABLE

Fabric that allows air to move freely and sweat to evaporate quickly, keeping you cool and dry.

QUICK DRY

Performance fabric that breathes well, wicks moisture away from the body and transports it to the outside of the garment to quickly dry through evaporation.

MOISTURE CONTROL

Fabric designed to transfer moisture away from the body onto the exterior of the fabric, keeping you dry and comfortable

ANTI ODOR

Fabric engineered to combat odor causing bacteria.

ULTRAVIOLET PROTECTION

Material blocks UVA and UVB rays to help prevent sunburn and long term skin damage.

REFLECTIVE

Highly luminous material in low light conditions, ensuring you are safe and seen.

Fabric built with stretch to allow for maximum mobility.

RECYCLED MATERIAL Made with recycled material.

S3 CORD MANAGEMENT

Smart, Safe. Secure. Built in drawcord system to re-route drawstrings from the exterior to the interior of a sweatshirt for increased safety.
