About Murraspec

Murraspec Wallcoverings is the leading UK manufacturer and global distributor of wallcoverings.

We combine traditional methods of manufacturing with modern cutting-edge machinery to produce the finest products.

We are proud to supply a worldwide client base across the Hospitality, Healthcare, High Street Retail, Commercial Office, Cruise Ship and Residential Sectors.

As a manufacturer, we are able to provide flexibility on production and provide the shortest lead times in the industry.

24-hour delivery available

Products are designed and manufactured in-house, in the UK

A state-of-the-art digital production facility for bespoke solutions

See the latest wallcovering designs at our London Showroom

Diverse range of wallcoverings

SEGMENT/SEGMENT LINEN

Designed for aesthetics and performance that meet the global contract market's most stringent technical requirements.

Global distribution, local presence

As international leaders, we have offices in Dubai, Poland, and France, alongside a vast distribution network spanning the globe, supporting customers.

Our products can be seen in the most prestigious commercial and residential settings around the world.

Cruise vessels and ferries

We are a trusted supplier of IMO-certified wall and door finishes to cruise ships and ferries in the marine industry.

We offer two types of products for the Marine market - IMO wallcoverings and Strataflex self-adhesive vinyl film.

All of our products are flame retardant and colourfast to light.

International Leader in Wallcoverings

Bespoke designs, state-of-the-art technology

Commercial wallcovering has never looked so good

Bespoke - Create your own

From your own concept artwork to images from a stock library we will make sure we meet your requirements. Simply tell us what you want; we'll do the rest.

We have a skilled in-house team of designers and dedicated project managers that will bring your vision to life. No outsourcing, everything you need is in one place.

THE PROCESS

1. Find an image

Choose from our digital Wallmotion library or share your vision for a custom design. Our talented team will bring your ideas to life. Limitless possibilities await!

2. Measure up

Simply provide us with the measurements and we'll take care of everything. Your project is in capable hands, ensuring a seamless process from start to finish.

3. Print it

We'll prepare the image for printing and installation. Our advanced methods and cutting-edge printing technology ensure the highest standard of quality. The product will be securely packed in suspended cartons, complete with a spatula and adhesive ready for an easy installation.

4. Install it

Simply install straight from the box. We can help you if needed, just let us know!

Responsible sourcing, sustainable production

At Muraspec, we are committed to advancing sustainability by reducing our carbon footprint and landfill waste. It's what we practice at our UK manufacturing facility every day.

As industry leaders, we control every element within the lifecycle of our products.

Beginning with the ethical and responsible sourcing of raw materials, to the production & packaging process, and beyond to our inhouse recycling facility, all driven by our commitment to sustainability.

We strive to reduce our carbon footprint through responsible sourcing of raw materials and supply chains. As the first wallcovering manufacturer to have its products assessed by BRE Global, we have had Environmental Product Declarations (EPD) available since 2012.

We have our own in-house recycling facility on our premises, and we use up to 30% of recycled content in all our wallcoverings.

We have achieved a 58% reduction in our total carbon emissions.

Low carbon footprint with UK manufacturing

Cost Control – removing volatile rising cost pressures, delivering value

Fully accredited & quality assured. Internationally recognised ISO 14001

Short lead times and fast delivery to meet project deadlines

End-to-end local support

Supporting the Countryside Partnership at grassroots level through action programmes focussed on nature conservation, bank restoration and education initiatives

Made in Britain, sold to the world
