

NATURALS

by **rioma+**

NATURALS & RECYCLED COTTON

We are committed to the quality of natural materials while taking care of the environment.

Understanding the need and the growing demand for environmentally friendly fabrics, Rioma presents Naturals, a line of products that evokes nature with its relaxed designs in tones earth and neutral colours, manufactured exclusively from natural fibres such as cotton or jute, able to create unique and welcoming spaces.

These materials are ideal for making fabrics of high quality and durability, reducing environmental impact.

In addition, with our **Recycled Cotton** line, we are contributing to the preservation of nature, giving a new life to cotton always maintaining quality and design that characterizes us.

NATURCOTTON & COTTONET

Fabrics manufactured in a wide range of soft tones inspired by elements of the nature.

This collection is ideal for all types of decorative elements.

On the other hand, being a double width fabric makes it perfect for curtains and bedspreads.

NATURALS NEUTRAL

Naturals Neutral are 100% cotton fabrics that in addition to being ideal for decorating, it is also suitable for fashion.

It stands out for its delicate textures and presents a range of natural and neutral tones as whites or creams.

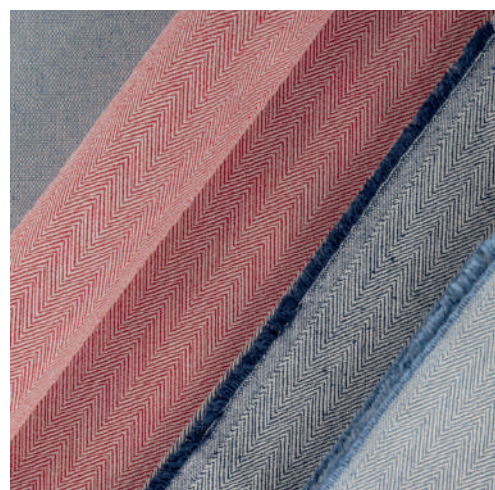

DANTE - DAMERO

They are cotton jacquard fabrics and recycled fibers with coloured yarns.

Its range of colours make Dante-Damero the perfect fabric for timeless environments and neutral.

LAUREN - TELMO

This collection also belongs to the Recycled Cotton line, made with 100% cotton and recycled fibres.

Highlights its soft herringbone texture: a contemporary and essential design, ideal for fashion and decoration.
