

PEARL FABRICS  
C O M P A N Y  
SINCE 1968

***MANUFACTURERS &  
EXPORTERS OF  
QUALITY TERRY TOWELS***

we **WEAVE, DYE & STITCH** your comfort

Pearl Fabrics Company was established in 1968 and started producing cotton terry towels on Northrop (British) Looms. At that Time the towel industry had no significant base in Pakistan. Pearl Fabrics Company was one of the few terry towels units who contributed towards the introduction of a new product which had great export potential for the country. All efforts were made to improve the quality by imparting the most advanced training to the work force with addition of new machines and modern technology. Over the last 5 decades the company has grown consistently in production Capacity & has raised the Quality Standards. Today our Composite Unit with Weaving ,processing and stitching sections speak of the tremendous growth we have registered over the years. An exclusive section for making bathrobes has been catering to the demand of consumers around the world.

A dedicated team of highly qualified and professionally trained management, skilled workers and efficient machines form the back bone of Pearl Fabrics Company. The company exports its product to **Australia, New Zealand, U.S.A., United Kingdom, Japan, The Netherlands, France, UAE, South Africa, Poland, Spain, Germany, Belgium. Greece, Russia, Philippines, China, Korea** and many other countries where demand for its product is on the increase.

## ***Warping & Sizing***

*At this junction cones are thoroughly screened by quality control inspectors to make sure that only quality product is depatched for warping.*

## ***Processing***

*We start processing by eco-friendly scouring and bleaching. Dyeing is done on the latest Soft flows. For all processing high class and eco friendly dyes and Chemicals are used.*

## ***Weaving***

*Our experience, Know –how and innovative approach form an array of advantages for our customers. Weaving is backed by a fleet of the most advanced Toyota Airjet, Vamatex Dynaterry and Sulzer Ruti Looms with latest BONAS Jacquards.*

## **Drying**

*For drying - we have continuous tumble dryers which give towels an even and luxurious finish.*

## **Stitching**

*The stitching process is spread widely across many in-house departments, which are all monitored closely for quality assurance. Departments are segregated based on techniques, required by customers on the products, such as over lock or basic and complex hem techniques.*

## **Quality Control**

*Towels are rigorously checked for quality control throughout the production process. All lots are tested as per customer required parameters.*
