

Lucky Impex

Textile Manufacturer & Exporter

**Healthcare
& Other
Professional
Uniforms**

WHO WE ARE

Lucky Impex, is a manufacturer and exporter from Karachi – Pakistan. The company was established by the late Chairman Haji Ali Muhammad Tabba in 1955. Lucky Impex was started with trading of yarn, and later evolved into providing a sourcing gateway to overseas customers for their requirements to source high end fabric from Pakistan.

In the late 80s, the company set up its manufacturing unit to grow its business of exports of Fabrics, Bed Linens, Home Textiles, and Institutional linens to the UK, USA and Japan as well. The business has been growing at a steady rate and now it's amongst one of the top well-known businesses in the textiles world and enjoys a major share in Pakistan's export. Our major export destinations are the US, UK, EU Countries, Middle Eastern Countries, Japan, Australia, New Zealand, South America etc.

Lucky Impex, is a family-owned business and now the 3rd generation of the family is running the business successfully. The company is not only in the textile business but also serving the country in the real estate, the education and the healthcare sector as well.

The company's manufacturing facility is located in Korangi Industrial Area over an area of approx. 125,000 sq. feet with the most modern sewing & packing facility with over 500, skilled workers to constantly meet the demands and requirements of our customers. Moreover, the company also has a separate facility in Karachi & up north for weaving, printing, and dyeing.

Lucky Impex specializes in Healthcare/Medical Uniforms & linen, Patient wear, Home Textiles, a complete range of Bed Linen articles, etc. and exporting to major destinations in the world for more than 3 decades.

Look forward to serving you and building strong business relationship in the times to come.

Thank you.
