# INTRODUCTION!

“TEXTILES & RELEVANT IS THE LEGANCY OF OUR FOREFATHERS AND THIS IS OUR FAMILY BUSINESS”

Eastablished in 1988, A. Essak & Sons is the family owned business and one of the leading home textile manufacturer and exporter from Pakistan exporting goods to allover the world. We are a vertically integrated textile conglomerate, having facilities right from weaving, processing and stitching of all home textile products.

Safety, Security and Social compliances are a top priority for us. We believe in having a long term relationship with our customers, relies on Quality, Accuracy and On-time delivery to guarantee customer satisfaction.

We always evolve to upgrade ourselves to the latest technology by induction of modern machines to the system and we believe this is a key to success in this era.

Totally integrated production plant involves three main processes Weaving, Processing and Finishing.

WEAVING

PROCESSING

FINISHING

EXPORT

# ACCREDITATION

Quality is our topmost priority at A. Essak & Sons Home Textiles. In order to ensure that top quality is delivered to our customers we are constantly striving for excellence; in recognition of our constant pursuit of excellence A. Essak & Sons Home Textiles has been accredited by several certificates of quality such as:

OEKO-TEX is an international testing and certification system for textiles for limiting use of Hazardous Chemicals and substances in the textile product  
e.g: Heavy Metals, pesticides and AZO & Allergy inducing Dyestuffs etc.

STeP by OEKO-TEX® is an independent certification system for brands, retailers and manufacturers from the textile and leather industry. Certification is suitable for production facilities at all processing stages who want to communicate their environmental measures externally in a credible and transparent way.

MADE IN GREEN by OEKO-TEX® is a traceable product label for all kinds of textiles (e.g. garments, home textiles) and leather products (e.g. garments, finished and semi-finished leathers) including non-textile/-leather components (e.g. accessories). The MADE IN GREEN label verifies that an article has been tested for harmful substances.

Business Social Compliance Initiative (BSCI) aims to establish a common platform for the various European companies Codes of Conducts and monitoring systems, it also lays the groundwork for a common monitoring system for social compliance to improve their social compliance in the global supply chain.

GOTs is Global Organic Textile Standard, it is certification of Compliance. Accredited by International Organic Accreditation Services (IOAS).

The GRS is intended to meet the needs of companies looking to verify the recycled content of their products (both finished and intermediate) and to verify responsible social, environmental and chemical practices in their production.

IMS (Integrated Management Systems) is a set of internationally recognized standards that encompass Quality, Environmental, and Health & Safety. IMS Certification is accredited when these three critical management systems are voluntarily implemented and audited.

**TEXTILE IS OUR PASSION**  
**IN OUR SPHERE IMPOSSIBLE IS NOTHING**
