tradition - since 1880

Established already in 1880 - Ruther & Eienkel is actually one of the leading manufacturers of woven narrow textiles in Europe.

Because of our ambitious team of specialists in all fields, equipped with the latest textile-technology and a very modern, fully integrated production, we are proud about a lot of trustful and successful cooperations with our partners all over the world.

We invite you to become a strong part of our collaboration - we are only happy, when you are fully satisfied!
