# CELEBRATING 40 YEARS OF TEXTILE EXCELLENCE

Gohar Textile Mills is a vertically integrated textile manufacturing specialist working with retailers, distributors, hospitality and institutional wholesalers worldwide, with state of the art equipment from Europe, converts 70 tons of cotton per day through the various stages of manufacturing and into an array of products.

15,000 staff spread across 250 acres of land in Faisalabad, Pakistan combined with a manufacturing facility in Manchester, UK to ensure consistent output and the quality Gohar Textiles is synonymous with. Our teams of international designers, based in Pakistan and the UK, consistently monitor trends, techniques and finishes to offer the best of designs.
