

## BENTI TEXTILE LTD - COMPANY PROFILE

---

Benti Textile has been active at the textile industry since 1982; presents its upholstery fabrics, which are produced by experienced and professional staff, using high-tech at its own 7,500 square meters facilities to international and domestic markets with its brand “**ADDOBBARE**” which means “to beautify”, “to decorate” in Italian. Since its establishment, Benti Textile evolves with customer satisfaction and innovative approach, continues with its annual production in excess of 3 million meters at Demirtas Industrial Zone in Bursa/TURKEY, exports %60 of its production directly from factory and from the branch in Warsaw/POLAND. In order to protect and maintain high quality standards, all incoming goods are controlled in-house fully equipped laboratories. Process controls and final quality controls are done accurately by the experienced and qualified quality control staff at Benti. By following the most important textile shows&events in the world, in parallel with the trends and developments, Addobbare collections are being prepared by skilled design team in R&D department. Main goal is to satisfy the needs of **Those Who Want To Be Different ...**

### OUR SERVICES
